The Coral Springs Regional Institute of Public Safety

This page intentionally left blank

History

Over the last 20 years, the Coral Springs Regional Institute of Public Safety has grown and achieved significant milestones along the way.

The State Bureau of Fire Standards and Training (BFST) certified the Coral Springs Fire Academy (CSFA) on October 13, 1999, while operating on the grounds of Coral Springs Fire Station 71. The first class graduated in May 2000 and consisted entirely of volunteer members of the department who were upgrading their skills and certifications. Two classes graduated in 2001 and now we graduate up to seven classes of Firefighter I & II each year.

In the fall of 2001, the Coral Springs Fire Academy graduated its first Firefighter I & II Class with a 100% pass rate on the state exams. The next two classes graduated with 100% pass rate, bringing the total to three. This was a state record for consecutive 100% pass rates on the State administered written and practical exam. That record stood until 2006, when a consecutive run of nine 100% pass rate classes was achieved. This record still stands today and could not have been accomplished without the dedication and commitment of our instructors, staff, and the City of Coral Springs' management philosophy of "Commitment to Excellence". We continue to strive for 100% pass rate from all our Firefighter I & II classes.

During 2001 and 2002, the Coral Springs Fire Department was inundated with requests to start an EMT-Basic program. Many of these requests came from students in our fire academy and other fire academies. Students were waiting up to a year to enter local programs. The Coral Springs Fire Department began the process to become an EMT-Basic training academy. In April of 2003, the CSFA became licensed by the Commission for Independent Education, Florida Department of Education and approved by the Florida Department of Health, Bureau of Emergency Medical Services and the first EMT-Basic class began shortly thereafter. The response was overwhelming, and we expanded from one part-time class to a full-time class and a part-time class running concurrently.

In January of 2007, the CSFA transitioned to its new facility at 4180 NW 120 Avenue, Coral Springs, Florida 33065. The campus consists of fully equipped fire training grounds, numerous training props, burn facilities, a six story training tower, six classrooms, and administrative offices. A secondary 4-story concrete training tower is also available at Coral Springs Fire Station 71 and is primarily for department in-service training.

The year 2014 was big for the Coral Springs Fire Academy with two major accomplishments that helped further define the school status. In June, the Council on Occupational Education granted CSFA accredited status for Firefighter I & II and EMT-Basic. Later in the year, the Coral Springs Fire Academy became licensed by the Florida Department of Health to provide EMT-Paramedic Classes. In October, the Coral Springs Fire Academy conducted the first EMT-Paramedic Program. Since the inception of the EMT-Paramedic Program, the Coral Springs Fire Academy conducts, at a minimum, three EMT-Paramedic classes per year.

By 2015, with the three major programs in place, CSFA was no longer just a fire academy. It had literally grown beyond the name. The task of developing a new name was not easy. CSFA was a known brand in the region, and it was important that the new name be equally recognizable but also reflected our growth. Although many names were suggested, there was only one that

seemed to fit. The Coral Springs Regional Institute of Public Safety. This kept our Coral Springs roots but showed and embraced our expansion. In short, we are CSRIPS. By student volume and number of classes, the Coral Springs Regional Institute of Public Safety is one of the largest in the State of Florida. Our graduates are employed throughout Florida and the country.

In 2017, the Coral Springs Regional Institute of Public Safety at Martin County was established. This endeavor with Martin County Fire Rescue led to the graduation of multiple EMT-Basic and EMT-Paramedic students over the course of 6 years until the campus was closed.

With impending changes in the State of Florida for the EMT-Paramedic program and removal of the state exam, all schools looking to offer the program and provide their students with the ability to take the NREMT-P exam would need to achieve CAAHEP accreditation. In 2018, CSRIPS achieved this accreditation.

Lauderhill Fire Rescue approached the Coral Springs Regional Institute of Public Safety In 2020 about offering the EMT-Basic program in Lauderhill. With logistical challenges present, the initiative was reevaluated, and the decision was made to end the EMT-Basic class in Lauderhill.

In 2022, the City of Coral Springs opened the administrative building at 4150 NW 120th Avenue in Coral Springs. Located adjacent to the 4180 NW 120th Avenue building, the Public Safety Complex was created. The CSRIPS administrative offices moved into the 4150 building while the classes remain in the 4180 building.

The move for the administrative offices was not the only expansion realized in 2022. The Public Safety Complex was reorganized and CSRIPS gained valuable exterior training space. A new 2-story multi-use prop was built allowing for various training exercises.

A historical milestone was achieved in 2023. The CSRIPS welcomed the first new engine in the 20-plus year history of the school. Named Engine #1, this signifies the CSRIPS commitment to students in providing up to date equipment and apparatus to successfully prepare them for employment.

For 2024, the year is shaping up to be another banner year for the Coral Springs Regional Institute of Public Safety. The CSRIPS team will be working towards reaffirmation for the Council of Occupational Education (COE) and CAAHEP.

Philosophy

Becoming a Firefighter/Paramedic or Firefighter/EMT is more than just learning curriculum and passing a licensing exam. The community you serve will be asking you to assist at their time of need and every citizen's sense of urgency is different. It requires the first responder to evaluate, formulate a plan, and take corrective action.

Although each student is an individual, students must learn to lean on each other and work together to achieve goals. This is accomplished from the start when the students are assigned into squads. As demonstrated on an engine or a rescue, each crew member has a job but together they are a team achieving the objective.

With a regimented structure, passionate staff and instructors, The Coral Springs Regional Institute of Public Safety is focused on developing the student's strengths, addressing weakness, and creating the best hireable candidate for the community.

Mission Statement

TO EDUCATE...

FACILITATE...

MOTIVATE...

and prepare our students to proudly serve the community and continuously uphold our

"COMMITMENT TO EXCELLENCE"

Vision

The Coral Springs Regional Institute of Public Safety will be the school of choice for not only students but also staff, instructors, and agencies. Together, we will continue to achieve the premiere status as one of the top fire service training schools in the state dedicated to high standards and the pursuit of innovation.

Ownership

The Coral Springs Regional Institute of Public Safety is owned by the City of Coral Springs, a municipal corporation chartered under the laws of the State of Florida. The following names are also recognized by the Florida Department of State, Division of Corporations as having doing business as (DBA):

- Coral Springs Fire Academy (G14000099136)
- Coral Springs Fire Department Training Academy (G14000099137)
- Coral Springs Regional Institute of Public Safety (G14000099138) is recognized as the primary name

Coral Springs Regional Institute of Public Safety – Main Campus

Description of School Facilities & Equipment

The City of Coral Springs has developed 4 acres of property at 4180 NW 120 Avenue in Coral Springs. This property is the home of a multi-million-dollar training facility. This facility hosts both indoor and outdoor training including fire rescue apparatus, a five-story tower, a two-story burn building, EMS training rooms, technical rescue props, flammable liquids training areas, and law enforcement training capability. The school has a wide variety of programs and refresher programs for new firefighters and those seeking a career in fire and emergency services. We also operate specialty academic and technical skill programs for the experienced firefighter seeking to advance their career. This indoor facility is a free-standing two story building that contains 6 classrooms, 1 breakout lab room, 2 simulation/scenario rooms and is approximately 19000 sq./ft. Each classroom comfortably sits 42 students and has complete audio/visual capabilities with TV/VCR/DVD, computer and LCD projector for lectures. Male and female restrooms, with lockers and showers, are immediately available on the floor. The training center has a student lunchroom with microwave ovens, toaster ovens, refrigerators and vending machines on the first floor. Ample parking is available, and the area is well lit at night.

Navigating CSRIPS

CSRIPS is a postsecondary education facility. It is up to the student to take responsibility for their education and learn how to navigate through their educational experience.

MyCSRIPS

All students applying to CSRIPS will create a student account in the Orbund system hereby referred to as MyCSRIPS. This system creates the student profile which will track their enrollments, academic history, and payments.

The system also provides the student the ability to submit electronic forms and is saved within the student record.

Application Process

All classes are listed on the Academic Calendar along with the registration dates, and transfer/drop dates. Classes are applied for on the CSRIPS website, www.csrips.org, within the specific program web page. Applications are not deemed complete until all documents are uploaded, application fees paid, and admissions reviews and approves the application. Admission to CSRIPS is based on a point system where students with a greater number of points are given preference. This point system will apply if there are more applicants than the number of available seats in each class. When the number of applicants does NOT exceed the number of available seats, then admission is based on a first come-first serve basis.

The point system is as follows:

Previous Education

Associates Degree
Bachelor's Degree
Master's Degree

Successfully Completed Programs

Fire Explorer CSPFD
Fire Explorer CSPFD (Officer)

Firefighter I&II, EMT-Basic and EMT-Paramedic are Limited Access Programs: space is limited, and students are not automatically accepted into a program.

Fire Explorer other than CSPFD
CSRIPS EMT – Basic CSHS/WBHS
CSRIPS EMT – Basic
CSRIPS Firefighter I & II
CSRIPS EMT – Paramedic

Licenses

State or NREMT
Paramedic License, NREMT-P

Veteran Status

Honorably Discharged Veteran

Legacy/Residence

City of Coral Springs Employee, CSRIPS Intern (self)
City of Coral Springs Employee, CSRIPS Intern (spouse, dependent, sibling)
City of Parkland Employee (self)
City of Parkland Employee (spouse, dependent, sibling)
Residence of Coral Springs/Parkland
CSRIPS EMT, Fire or Paramedic Alumni Relative
Current First Responder – Firefighter/Police Officer/Medical (Non-CSPFD members)
Spouse/dependent/sibling of Current First Responder – Firefighter/Police Officer/Medical (Non-CSPFD members)
Recommendation Letter from Fire Department Chief

Upon approval, the student is notified of acceptance and the next steps.

In the event of a tie, students are granted preference in order of the time their completed application was submitted.

Background Check

Background checks are a hospital requirement for all clinical rotations and are not conducted until after acceptance into the EMT-Basic or EMT-Paramedic program but prior to the scheduling of rotations. Should you have any arrests or convictions, please contact the office to discuss your situation.

The hospitals mandate that each student pass the same background check as hospital employees: a Level 2 background check.

- **Level 1** generally refers to a state only name-based check and an employment history check.
- **Level 2** generally refers to a state and national fingerprint-based check and consideration of disqualifying offenses and applies to those designated by law as holding positions of responsibility or trust. Typically, a Level 2 Background Check covers search of fingerprint-based information, national criminal history records, as well as county criminal records.

For the Firefighter I & II program, applicants who seek Florida Firefighter Minimum Standards Certification are required to be fingerprinted prior to the start of class. Prints are submitted to the Bureau of Fire Standards and Training for background check through FDLE and FBI.

Drug Screening

The 10-panel drug screening is also a hospital requirement for all clinical rotations and is not conducted until after acceptance into the program but prior to the scheduling of rotations. Should you have any questions about the drug screening process, please contact the office for more information.

Transfer Process

Transfer dates are listed on the Academic Calendar. Each term has a defined transfer/drop period in which the student can transfer from one class to another within the same program and within the same registration period. Only students with a completed application and registration fees paid will be permitted to transfer. Students must utilize the *Transfer Request Form* in MyCSRIPS to initiate the transfer.

Withdrawal Process

Students withdrawing from class during the Registration transfer/drop period, must submit the *Registration Drop Form* located under Reference in their MyCSRIPS account. The student is responsible for submitting the completed form online to the Academic Program Advisor as directed. After successful submission, the student will only officially be withdrawn after the Academic Program Advisor accepts, validates, and notifies the student. Please refer to the Refund Policy for any questions regarding refunds.

If the student withdraws after the class has begun, the student will submit the *Student Withdrawal Form* and submit it to the Lead Instructor, the Program Administrator, and the Academic Program Advisor. After successful submission, the student will only officially be withdrawn after the Academic Program Advisor accepts, validates, and notifies the student. Please refer to the Refund Policy for any questions regarding refunds.

CSRIPS Communication to Students

All communication to students will be conducted through Orbund as an email notification. It is the responsibility of the student to provide and maintain a valid email in their MyCSRIPS student profile. The student must also regularly check their email for any notifications.

School Wide Alert Communication

In the event of a school closure or other such school wide alert, a Facebook post, a website update on the homepage, a blast email, text message, and an updated voice message will be updated with instructions.

CSRIPS Uniform

Students are responsible for purchasing their uniform package. Upon acceptance into the program, students will be provided the vendor information to purchase CSRIPS uniforms.

Student Records

The General Education Provisions Act, Section 438, as amended, and the regulations promulgated for the enforcement of the act, found at 45 Federal Register 30911, as amended at 45 Federal Register 86296, provide all students enrolled or previously enrolled at the Coral Springs Regional Institute of Public Safety have the following rights in relation to their educational records:

I. General Policy

No information from records, files, or other data directly related to a student, other than public information defined below, shall be disclosed to individuals or agencies outside the Coral Springs Regional Institute of Public Safety without the written consent of the student, except those disclosures set forth in paragraph IX.

II. Definition of Educational Record

Student educational records are defined as those records, files, documents, and other material which contain information directly related to students and which are maintained by Coral Springs Regional Institute of Public Safety or a party acting for Coral Springs Regional Institute of Public Safety. Records of instructional, supervisory, and administrative personnel which are in the sole possession of the maker and accessible only to the maker or a substitute are specifically excluded

from this definition of educational record. Records which are made or maintained by physicians, psychiatrists, psychologists, or other professionals or paraprofessionals and which are maintained in connection with treatment and are not available to anyone else are also excluded from a student's educational record, but such records are available to another physician or appropriate professional of the student's choice if requested. Records which only contain information relating to a person after that person is no longer a student are not considered part of the student's educational record.

III. Definition of Student

For this policy, a student is defined as any individual currently or previously enrolled in any academic offering of the Coral Springs Regional Institute of Public Safety. It does not include prospective students.

IV. Public Information

The following is a list of public information which may be made available by the Coral Springs Regional Institute of Public Safety without prior consent of the student, and which is considered part of the public record of the student's attendance:

- Name
- Address (local and permanent)
- Telephone number
- Date and place of birth
- Program
- Participation in officially recognized activities and sports
- Dates of attendance and awards received
- Schedule of classes, and institution most recently previously attended

The information will not be made available if a student directs a written instruction to the appropriate records official prior to the end of the registration period for any given term.

V. Types and Location of Records

Each student will have two files created and maintained when enrolled:

1. Application & Enrollment File (Administration)
2. Academic Assessment File (Instructor)

The application & enrollment files encompass all paperwork required to be enrolled in the perspective program or programs.

- Application
- Background
- Fingerprints (if required)
- Affidavits
- Pre-program requirements
- Fees, payments, and refunds

The Program Academic Advisor assigned to oversee the program is required to maintain the file. Student files are maintained in Orbund (Student Information System). This system provides an immediate electronic access for updates and review.

The academic assessment file is the student electronic record kept by the Lead instructor for that program or class. The Lead Instructor is required to maintain the file with any paperwork containing grade reports and performance/skill evaluations. The paper copies are scanned into the T drive under the class name/number and last name of the student.

The Coral Springs Regional Institute of Public Safety has designated the Compliance Coordinator and Office Assistance as responsible for student records.

The above shall hereinafter be referred to as "records officials." The records official is responsible for maintaining a listing of student records within the records official's area of responsibility, indicating the location and general content of the records.

Any student request concerning records or files, including requests that public information not be disclosed, requests for disclosure to third parties, and requests for access by the student should be directed to this official. Forms for all such requests may be obtained from these officials. These persons will also act as hearing officers when the content of a record is challenged as provided below.

VI. Disclosure of Student Records to the Student

The student is accorded the right to inspect, in the presence of a Coral Springs Regional Institute of Public Safety staff member, records and files, that contain only data primarily and directly related to the student.

To inspect or obtain files, a student must follow the City of Coral Springs Public Records Request process. A student may submit a request via an online form, mail, or phone:

Custodian of Public Records
Georgia Elliott, City Clerk, CMC, FCRM
9500 West Sample Road, Coral Springs, FL 33065

www.coralsprings.gov/Government/City-Clerks-Office/Public-Records-Request

Office of the City Clerk: 954-344-1065

The right of inspection does not include financial statements of parents, confidential recommendations placed in the file prior to January 1, 1975, provided that such recommendations were solicited with a written assurance of confidentiality or sent or retained with a documented understanding of confidentiality and used only for the purpose solicited, and other confidential recommendations, access to which has been waived by the student in accordance with paragraph VIII.

VII. Challenging the Contents of the Record

Coral Springs Regional Institute of Public Safety will respond to any reasonable request for an explanation or interpretation of any item in a student's file. Requests for such explanation or interpretation should be addressed in writing to the appropriate records official.

If, after inspecting a record, a student believes that information contained in the educational record is inaccurate or misleading or violates his or her privacy, the student may request that the record be amended by presenting such request in writing to the appropriate records official. A request that the record be amended shall be answered by the records official within 15 days of its receipt with information that the record has been amended as requested; or, that the record has not been amended and that the student has a right to a hearing on the matter. A written request for a hearing should be addressed to the appropriate records official as listed in V, who will set a date and time for hearing with reasonable notice of same to the student within 45 days of receiving the request.

The request for hearing should identify the item or items in the file to be challenged and state the grounds for the challenge, e.g., inaccuracy, misleading nature, inappropriateness. The records official shall examine the contested item, shall hear the person responsible for placing the item in the file if appropriate, and shall examine any documents or hear any testimony the student wishes to present. A student may be assisted or represented by individuals of his or her

choice, including an attorney, at his or her own expense. The records official may decide that the item should be retained or that it should be deleted or altered. The records official shall issue a written decision, based solely on the evidence presented at the hearing, within 10 days of the conclusion of the hearing. If the decision is averse to the student, the notice of decision shall include a statement that the student has the right to place a statement in the record commenting on the information and/or setting forth reasons for disagreeing with the decision.

VIII. Waiver of Access

Coral Springs Regional Institute of Public Safety may request that a student waive the student's right to inspect confidential recommendations respecting that student's application for admission, provided that the student be notified, upon request, of the names of all those providing the recommendations, the recommendations are used only for the purpose solicited, and the waiver is not a condition of admission or any other benefit. Confidential recommendations respecting application for employment or the receipt of an honor or other recognition may also be waived.

A waiver may be revoked with respect to actions occurring after revocation by so notifying the records official in writing.

IX. Providing Records to Third Parties

The general policy of Coral Springs Regional Institute of Public Safety is to refuse access to or disclosure of information from student records to third parties without the written consent of the student. Should a student wish to have such records released, a signed and dated letter must be directed to the proper records official, specifying the records to be released, the reason for release, the party or class of parties to whom records are to be released, and a request for copies to the student, if desired. Coral Springs Regional Institute of Public Safety will then transfer or grant access to the information. The transferred information shall contain a statement that the information may be used by the receiving party or, if an organization, by its officers, agents, and employees for the purpose requested, but that the party shall not transfer the information to any other party except with the written consent of the student. A charge not to exceed the actual cost of reproduction will be assessed against the student when copies are made for the party or the student. Student records are available to the following persons with the accompanying conditions without written consent of the student: Instructional or administrative personnel whose duties include responsibilities to students, in which the institution reasonably require access to student records.

1. Officials of other schools in which a student seeks to enroll. Coral Springs Regional Institute of Public Safety will make a reasonable attempt to notify the student of the transfer, as well as the student's right to a copy, upon request, and the right to a hearing to challenge the contents if desired.
2. Certain representatives of federal departments or agencies or state educational authorities as provided by the law. In absence of consent or specific authorization by federal law of the collection of personally identifiable data, data collected by excepted officials shall be protected in a manner which will not permit personal identification of students and parents by other than those officials, and personally identifiable data shall be destroyed when no longer needed.
3. Financial aid officers or their assistants in connection with the application for or receipt of financial aid, provided that personally identifiable information may only be disclosed for the purpose of determining eligibility, amount, and conditions and to enforce terms and conditions.
4. Organizations conducting studies for administrative evaluation, tests, etc., provided that studies are not conducted in a manner which will permit personal identification of students or their parents by other than representatives of the organization and that the information will be destroyed when no longer needed for the purposes collected.
5. Accrediting organizations.
6. Other appropriate persons in an emergency to protect health or safety of students or others. In determining appropriateness of disclosure, consideration will be given to the seriousness of the threat to health or safety of the student and others, the need for information to meet the emergency, whether the parties requesting information are in a position to deal with the emergency, and the extent to which time is of the essence.
7. In response to lawful subpoena or court order.

Coral Springs Regional Institute of Public Safety will keep a record, indicating the name and legitimate interest, of all disclosures except those made to a student, those made pursuant to written consent, those designated as public information, and those made to persons at Coral Springs Regional Institute of Public Safety with a legitimate educational interest. This record of disclosure will become a part of the educational record, subject to inspection and review.

X. Student Records Policy

The Coral Springs Regional Institute of Public Safety Student Records Policy shall be published in the catalog and a copy shall be displayed prominently on a bulletin board. In order to comply with the requirement that CSRIPS give annual notice of this policy to enrolled students, a short notice of the policy shall be included in the class schedule for each term.

XI. Student Privacy Policy

Any student who believes that Coral Springs Regional Institute of Public Safety has violated his or her right to access or privacy of educational records as established by the Family Education Rights and Privacy Act of 1974, as amended, the accompanying regulations published at 45 Federal Register 30911, as amended at 45 Federal Register 86296, and this policy may address a complaint to:

The Family Educational Rights and Privacy Act Office
Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202

Class Guidelines and Expectations **Student Expectations**

Students are a representation of the Coral Springs Regional Institute of Public Safety and will be held to high standards. Students are expected to have a positive, willing attitude, be always professional and courteous. Students must be able to work well with others and have an appropriate demeanor. Students violating normal classroom demeanor or disrupting lab sessions or fire ground skills will be asked to leave for the remainder of the session. Re-admittance will be allowed only upon written permission of the instructor and counseling with the department head. While at the fire department and hospital facilities, students will follow and obey all appropriate rules and regulations. Lying to an instructor or agent of CSRIPS shall be grounds for dismissal from the program. Students shall not congregate at the main entrance to the building during breaks.

Chain of Command

The Coral Springs Regional Institute of Public Safety operates along with the Coral Springs Fire Department. Chain of Command is to be followed by all students. As a student, you shall address your instructor by their appropriate duty rank. If any student is unaware of an instructor's appropriate rank defer to Sir or Ma'am.

As a sign of respect, all students are required to come to attention and gangway (stand aside) for all non-students. This includes office staff and visitors with and without rank. Additionally, each time a classroom is entered, the students will stand and come to attention unless otherwise directed by the lead/co-lead or instructor of the day.

Class leader and squad leaders are chosen by the Lead & Co-Lead instructors and kept in those positions based on performance, grades, attitude, and class presentation. Class leader & squad leaders can be changed at any time by the lead instructor without cause or reason. Descriptions are provided in Class Materials in Orbund.

Demerit System

The demerit system is utilized for minor disciplinary action; however, this does not exclude instructors or staff from imposing major disciplinary action or dismissal when appropriate. Any student who receives a total of 10 demerits during the Firefighter I&II or EMT-Basic program shall be dismissed. EMT-Paramedic students who receive a total of 10 demerits between P1 and P2 or P3 and P4 of the program will be dismissed.

		Policy Violation/Consequence	1 st Offense	Repeat Offense
Day 1	EMS	Day 1 Absence or Day 1 Tardy	Dismissal	
		Jones & Bartlett Account Not Created and/or Books not purchased	Dismissal	
		Externship Forms Incomplete	2	4
	Firefighter I & II	Day 1 Absence or Day 1 Tardy	Dismissal	
		ResourceOne Account Not Created and/or Books Not Purchased	Dismissal	
		State Exam Fee Not Paid	2	4
All Programs	Cheating (classwork, homework, falsification of ANY documents)	Dismissal + 1 Year CSRIPS Suspension		
	Tobacco Policy	Dismissal		
	Substance Abuse Policy	Dismissal		
	Energy Drinks Policy	Dismissal		
	Code of Conduct Policy	Dismissal		
	Attendance Policy - no call (AWOL)	Dismissal		
	Attendance Policy - with call, unexcused/nonemergency	5	Dismissal	
	Tardiness Policy - no call (AWOL)	5	Dismissal	
	Tardiness Policy - with call as outlined in policy	2	4	
	Disrespect to Staff	9	Dismissal	
	Disrespect to another student	4	Dismissal	
	Complio Incomplete (EMT, Paramedic)	4	Dismissal	
	Cell phone / Electronic Device Policy	4	6	
	Dress Code Policy/Tattoo Policy (includes Day 1 dress code)	2	4	
	Social Media Policy	2	4	
	Failure to successfully complete assigned work or make up hours	2	4	
Unprepared for class (books, badge, gear, etc.)	2	4		
*Infractions not listed but deemed a violation by the Program Director, Lead/ Co-Lead, instructor, or staff member will determine the number of appropriate demerits or dismissal.				

Class Schedule

Students will be notified of program starting and ending date changes no later than 10 days prior to the beginning of the first class. Should there be a change in dates, a new *Student Enrollment Agreement* will be generated and the student will need to accept and date the new agreement.

Posted in the respective learning management system is a day-by-day schedule of the instructional activities that will take place in both Firefighter I & II and EMS programs. This schedule is subject to change at the instructor's discretion. Every effort will be made to inform the student of changes in advance. Please be advised that with being in Florida we experience inclement weather during the rainy season. Therefore, the schedule may be altered to accommodate outdoor activities.

Program Cancellation

Should CSRIPS have to cancel any programs prior to completion, students will have the option of a pro-rated refund of all monies paid, or to have guaranteed enrollment in the next program with no additional fees (except for a tuition rate increase). See Refund Policy for further information.

Student Materials

It is the responsibility of each student to provide their own pencils, pens, paper, and notebooks.

Grading Scale

Numerical Score	Grade	Posted to Transcript
100% - 90%	A	Pass
80% - 89%	B	Pass
<80%	F	Fail
Withdrawal	W	Withdrawn
Withdrawal with Permission	WP	Withdrawn with Permission

* *Withdrawal with Permission of the Operations Manager is issued for exceptional circumstances (i.e. medical, military deployment, or nongraduate completers.)*

Testing Criteria

Methods

Oral Participation
Written Examination
Practical Demonstration

Subject Matter Tested

Written & Lecture Materials
Skills Competencies
Safety Procedures
Student Code and Discipline

The candidate's ability to adapt to the fire department semi-military style of life will be observed and evaluated. Dishonesty on examinations will be considered grounds for immediate dismissal from the program plus a 1-year suspension.

Testing

Students will be tested on the instructed curriculum including but not limited to: all material in the book, PowerPoint presentations, handouts, workbook skill sheets and performance objectives. Testing may occur electronically (on CSRIPS provided tablet) or by hard copy. In the event electronic testing is utilized, student shall not use personal electronic devices for testing purposes.

Workbook assignments

- Submitted for each chapter prior to chapter quiz
- Graded for completion and factored in the overall GPA
- Failure to submit results in a 0.00, and potential demerits for incomplete assignment
 - Subsequently student will receive a 0.00 on chapter quiz

Chapter quizzes

- Passing grade of 80% or higher required
- The grade received will be factored into the overall GPA
- Students are not allowed a retest
- Failure of a quiz is not subject to remediation
- A student will have an opportunity to review the quiz if he/she chooses
- Any question the student feels is incorrect should be brought to the instructor for review
 - The instructor will validate and make the correction(s) if so required

Unit Tests (Firefighter I&II program only)

- Passing grade of 80% or higher required
- Based on a group of chapters and are factored into the overall GPA
 - Students are allowed one retest depending on their current retake status
 - The retake must be within a week of the first exam
 - Remediation will include the student reviewing the first test, discussing his/her findings and receive the appropriate direction to understanding his/her incorrect answers
 - The student must pass a make-up exam with a 80% or better
 - Regardless of score on retest the highest possible grade given and factored will be 80%
 - Students who pass one make-up exam will be given only one additional opportunity to take a make-up exam on a second failed first attempt exam (Third failed exam, after 2 successful retakes, results in dismissal). Please see example below.

	Attempt 1	Attempt 2	# Failed Attempts
Unit Test 1	F	P	1
Unit Test 2	P		
Unit Test 3	F	P	2
Unit Test 4	F		3 – dismissed with no makeup attempt possible

For EMT-Basic and EMT-Paramedic testing guidelines, please refer to each program's Grading System section.

Performance Objectives (PO's). See class specifics under program.

Skill Stations - EMT-Basic and EMT-Paramedic

- Based on state criteria and guidelines
- Graded either by pass/fail, time, score of 80% or better
- Must pass every skill station
- One retake per skill is allowed

Failures/automatic dismissals

- Failure to complete second attempt of any performance objective (Firefighter I & II)
- Failure to complete second attempt of any skill station (EMT-Basic & EMT-Paramedic)
- Failure of the final exam
- Failure of student retest. See example below.

	Attempt 1	Attempt 2	# Failed Attempts
Unit Test	F	F	Dismissed due to failing makeup exam

Disclaimer: If in the professional opinion of the instructors and supported by the Program Administrator / Program Director, the student does not possess the qualities necessary to satisfactorily perform psychomotor tasks, the student shall be dropped from the training program.

Probation

A student will be placed on probation if either of the following conditions is met:

- A clear violation of any policies, rules, and regulations

Should a student violate any policy, rule, or regulation, a *Student Demerit Form* will be completed by the instructor detailing the violation along with the number of demerits. The student shall be considered on probation from the initial infraction and will not come off probation until the class ends or the student reaches the maximum of 10 demerits and is removed from the class. Demerits are tracked by class and are available to the student in their MyCSRIPS student portal. Please refer to the Demerit System for a complete description of the demerits.

- Failure to maintain an overall GPA of 80%

The lead or co-lead instructor will fill out a *Student Record of Discussion* outlining the deficiencies in the class. A plan of action will be written up for the student to review to have a clear understanding of his/her status and to be signed by both the student and lead instructor or co-lead. The form will be forwarded to the Program Director or his/her designee for review. Academic status will be reviewed between each unit or chapter test and updated accordingly throughout the remainder of the program.

- Absences

Students in any program shall not exceed the maximum hours of absences as stated in the Attendance Policy. Once the student has reached the maximum hours allowed, the student will be placed on academic probation. The student will be given a *Student Record of Discussion* in addition to demerits and counseled by the Lead Instructor or his/her designee. Students who do not make up their absence(s) within two weeks, will be assessed demerits.

Good Standing: A student is in good standing when they have not met or exceeded 10 demerits, maintained an overall program GPA of 80%, no outstanding absences, and no financial obligations. A student must be in good standing for semester advancement and program completion.

Reporting an Injury

It is IMPERATIVE that all accidents be reported immediately to the instructor of the day and the proper electronic forms completed. It is the student's responsibility to report any injury that occurs during training to the instructor in order for an online *Injury Report* to be completed. Failure to report an injury may lead to dismissal from CSRIPS.

All students are responsible for financial obligations for any accidents and injuries that occur while on the premises, or while participating in an externship. EMT-Basic and EMT-Paramedic students are required to carry student health insurance as per agreements with the clinical providers.

Personal Belongings

Personal gear, including bunker gear, is the responsibility of each student. The use of lockers in the first floor locker rooms is permissible for students enrolled in Firefighter I & II, EMT-Basic and EMT-Paramedic. Students are responsible for providing their own locks.

Upon the student's completion of class, the student shall promptly remove their items and locks along with any label. Failure to vacate the lockers upon completion of class may result in locks being cut off and personal items disposed of. Squad leaders and the class leader will be responsible for compliance.

Lockers are the property of the Coral Springs Regional Institute of Public Safety and at any time may be searched without student's consent. Students shall refrain from storing illegal contraband/substances or items not allowed on school property.

Outside Instructional Areas, EMS & Fire Equipment & Apparatus

It is the student's responsibility to assist in maintaining the outside areas and the equipment and apparatus used for their respective programs. Cleanliness is vital to safety and preventive maintenance and all apparatus and equipment will be returned to their proper place after an activity. Any damages shall be reported immediately to the Instructor of the Day.

Station Duties

Station Duties are part of everyday life in the fire department. The same duties that you see in the fire department also exist in the Coral Springs Regional Institute of Public Safety. For CSRIPS to run smoothly and safely, constant care is maintained at the facility.

All students will be required to perform the following cleanup duties to ensure campuswide cleanup:

Men's and women's Locker room/Bathroom: Clean mirrors; wipe down shower area, clean toilets, and wet mop floors.

Classroom: Wipe down all desks and counter tops. Clean boards and erasers. Straighten all desks and chairs and wipe any A/V equipment located in classroom. Sweep/mop floor area.

Lab rooms: Return all equipment to appropriate designated areas, complete inventory, sweep/mop floors and report any deficiencies of equipment.

Break room: Wipe down and straighten all tables and chairs. Lift chairs. Sweep/mop floor area. Clean sinks, refrigerators, microwaves, toaster ovens and empty garbage.

Outside area: Police grounds, sweep walkways, and straighten outside drill area putting away equipment that is left out. Wash down concrete areas around tower as needed.

All squads will secure apparatus and equipment on the apparatus when finished with their details at the end of the day.

Tower: Police entire tower, all floors. Straighten equipment room, hose area, equipment on shelves, and portable extinguishers. Close all windows and secure all tower doors.

Squads are responsible for their details for the entire day. It is the duty of the class leader to inspect each area of responsibility and verify that all cleaning tasks have been finished and sign off on completion.

Upon completion of the cleanup duties, students will line up, be inspected & dismissed as a group by the instructor.

Paying for School and Financial Aid

Florida Prepaid	Cashier's Check
Florida 529	Money Order
Florida Bright Futures Scholarship	Sallie Mae loan
Veterans Benefits	Scholarships
MasterCard	Visa

Dining and Vending Services

CSRIPS has a large breakroom with refrigerators, microwaves, a toaster oven and vending machines for student use.

Academic Advisement

Academic advisement is provided. Based on the counseling needed, the student has the option of speaking with the Lead Instructor, Student Services Advisor, Academic Program Advisor, or the Program Administrator.

Articulation

CSRIPS does not grant credit for any prior learning, experiential learning, or exams and does not accept any transfer of credit from any other educational institution. There is no guarantee of transfer of credit from our school to another school.

Articulation Agreements are arrangements between the Coral Springs Regional Institute of Public Safety and another school detailing courses that are eligible for credit transfer. Not all courses are eligible for transfer, and it is up to the receiving school to determine eligibility.

Current agreements exist with:

- Braxton College (fire and EMS classes)
- Columbia Southern University (fire and EMS classes)

Florida Statutes, Section 1007.23, provides statewide articulation agreements to facilitate the transition of students between Florida institutions. Students who earn a Firefighter Certificate of Completion may articulate credit hours towards an Associate Degree in Fire Science Technology. Students who earn a Paramedic License or EMT License may articulate credit hours towards an Associate Degree in Emergency Medical Services. Students are responsible for verifying their eligibility and completing all admissions requirements.

Placement Assistance

The Coral Springs Regional Institute of Public Safety does not guarantee, or directly or indirectly imply graduates of the EMT-Basic, Firefighter I & II, or EMT-Paramedic programs employment. However, CSRIPS will assist graduates who wish information on seeking employment. Students will be counseled in the process for employment in the emergency services job market. Names of potential employers will be provided to graduates on request. In addition, CSRIPS has a Job Link section on the website, www.csrips.org, as well as instructions on how to register for the A-List which is a state notification system of job openings.

Graduates receive a Certificate of Completion from CSRIPS. This however does not qualify a student for employment. Students will be required to have the following licenses for employment. It is the sole responsibility of the student to register and pay for state testing. See program pages for further information.

- Firefighter I & II: Certificate of Compliance from the Division of State Fire Marshal
- EMT-Basic: License from the Florida Department of Health
- EMT-Paramedic: License from the Florida Department of Health

Veterans Affairs and Payment Requirements

Upon submission of an EMT-Paramedic, Firefighter I & II, or EMT-Basic application, Veterans are required to submit the following documents:

- A “Certificate of Eligibility” which will show their available benefits. Any student who is not entitled to 100% payment of tuition would be required to pay the difference to the school prior to the start of the class.
- A copy of their DD214 which states “Honorable Discharge.”
- All veterans must provide either the VA 22-1990 (first time use of benefits) or VA 22-1995 (if benefits have been used).
- All veterans must provide all their previous official transcripts by the first day of class. If transcripts are not provided his/her enrollment will not be certified, and the student will be responsible financially responsible for tuition.

For veterans who are covered by Chapter 33 (9/11 GI Bill®) – tuition and lab and materials fee payments are submitted directly via EFT (Electronic Funds Transfer) into the City of Coral Springs bank account. Should the student be withdrawn before payment is received from the VA, the student becomes responsible for all financial obligations. Until all obligations are met, no further processing or re-enrollment will happen.

For veterans who are covered by Chapter 31 (Voc Rehab) – payments are made to the school via EFT. Students who are using Voc Rehab will be assigned a Voc Rehab Education Advisor at the local Voc Rehab Center.

For veterans who are covered by Chapter 30, payments are made to the school directly from the student. The student may then receive payment, in arrears, from the VA.

Florida National Guard Educational Dollars for Duty (EDD) program is available for Florida National Guard Soldiers and DAF members and can provide public tuition for the period of the Guard member’s service. If the student meets the eligibility requirements, EDD can be used for courses that lead toward a Technical Certification, Associate, Bachelor’s, or Master’s degree.

The Coral Springs Regional Institute of Public Safety will certify the enrollment for all Veterans eligible for Veteran Educational Benefits into the VA-ONCE system which electronically submits their enrollment to the VA benefit processing center.

The VA will only pay tuition and lab & materials fees for the Firefighter I & II, EMT-Basic, and EMT-Paramedic programs.

Students accepted into an EMT-Basic, EMT-Paramedic or Firefighter I & II program are assessed one tuition rate. CSRIPS does not distinguish between out of state and in state residency to determine tuition amount assessed to each student. Pursuant of Florida Statute 1009.26(13)(14).

Veterans Pending Payment Compliance Policy

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student's enrollment.
- Assess a late penalty fee to the student.
- Require the student to secure alternative or additional funding.
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class.
- Provide a written request to be certified.
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

Veterans Attendance Policy

Excused absences will be granted for extenuating circumstances only. Excused absences must be substantiated by entries in student files and must include deployment orders, if applicable. Early departures, class cuts, tardiness, etc., for any portion of a class period will be counted as one absence.

Students exceeding 20% total absences in a calendar month will be terminated from their VA benefits for unsatisfactory attendance.

In order to show that the cause of unsatisfactory attendance has been removed, students must show good attendance (as defined) for one calendar month after being terminated for unsatisfactory attendance. After such time, the student may be recertified for VA education benefits.

The student's attendance record will be retained in the veteran's file for USDVA and SAA audit purposes.

Standards of Academic Progress for Veteran Affairs Students

Students receiving VA educational benefits must maintain a minimum cumulative grade point average (CGPA of 80% throughout the program).

A EMT-Paramedic VA student whose CGPA falls below 80% at any point in the program will be placed on academic probation for a maximum of two consecutive terms of enrollment. If the VA student's CGPA is still below 80% at the end of the second consecutive term of probation, the student's VA educational benefits will be terminated.

A VA student terminated from VA educational benefits due to unsatisfactory progress may petition the school to be recertified after attaining a CGPA of 80%.

Veteran's Credit for Previous Education or Training

All students must provide a transcript upon enrolling. Students who have attended previous institutions of higher education must provide an official transcript from the attending school. Students who are straight out of the service must provide a Joint Service Transcript (JST).

The school must evaluate and grant credit, if appropriate, with the training time shortened, the tuition reduced proportionately, and the VA and student notified.

Current and former members of the Army, Coast Guard, Marine Corps, Space Force, and Navy must provide their Joint Service Military Transcripts. Current and former members of the Air Force can request transcripts from the Community College of the Air Force (CCAF).

Students Rights and Responsibilities

Student Code of Conduct Policy

Upon admission to CSRIPS, students agree to act responsibly in all areas of personal and social conduct and to take full responsibility for their individual and collective action. Because learning can only be achieved in an atmosphere free of intimidation and coercion, students must observe local, state, and federal laws as well as the academic and behavioral regulations found in the *Program Catalog and Student Reference Guide* and the website at www.csrips.org. If there is a conflict with any of the sources, this policy shall prevail.

When a student exhibits disruptive behavior that appears to pose a threat to the health and safety of the student or others, CSRIPS may direct the student to participate in a psychiatric and/or psychological evaluation. The psychiatric and/or psychological evaluation process will assess the student's ability to safely participate in the educational programs as part of the due process for students who are alleged to have violated this policy and procedure.

Bias-Motivated Conduct (Commonly referred to as "Hate Crimes"): CSRIPS believes that members of CSRIPS have the right to lawfully affiliate free from harassment with social groups of their choice without fear of intimidation based on this membership. Therefore, CSRIPS will impose significantly increased sanctions against perpetrators who commit one or more of the offenses in this policy, if CSRIPS determines that the perpetrators' actions were motivated by the actual or perceived affiliation of the victim with a particular social group, race, gender, religion, sexual orientation, ethnicity, national origin, disability, age, marital status, and/or gender identity. Additionally, CSRIPS will support the criminal prosecution of students who engage in bias-motivated violations of this Code in accordance with Florida Statutes 775.085, Federal Statutes 18 U.S.C. § 245 & 249, and other applicable laws.

The following is a non-exclusive list of behaviors prohibited by students at any CSRIPS location or via any CSRIPS resource including electronic communication, at any CSRIPS activity, or at any location and/or via any medium (including electronic) if the behavior impacts students, faculty, or staff in the educational environment. Other behaviors not on this list which adversely impact CSRIPS community will be considered on a case-by-case basis and may also be considered violations of the Student Code of Conduct:

1. Abusive Conduct
2. Bribery
3. Bullying, including but not limited to the following behaviors directed at an individual or a group:

- a. Unwanted teasing
 - b. Threatening or intimidating behaviors
 - c. Stalking
 - d. Public humiliation
 - e. Spreading malicious and derogatory rumors or falsehoods
 - f. Using discriminatory slurs against an individual or group
 - g. Cyberbullying – including, but not limited to the use of communication-based technologies, including telephones, cellular telephones, e-mail, instant messaging, text messaging, social networking, other web-based technologies, or other electronic methods of communication (either currently available or available in the future) to engage in deliberate harassment or intimidation of individuals or groups.
4. Discriminatory comments or action and/or retaliatory actions, including, but not limited to remarks or actions against a student, faculty, or staff member of CSRIPS.
 5. Dishonesty, including but not limited to the following:
 - a. Cheating, plagiarism, or other forms of academic dishonesty
 - b. Using electronic devices to store, retrieve, search for answers and/or share answers in testing environments when the use of the device is not permitted
 - c. The acquisition or use of teaching or testing materials, including test banks and answer keys, or access to online resources provided by textbook publishers or others, without the express permission of the instructor
 - d. Furnishing false information, making false accusations, or misrepresentation of oneself or others to any CSRIPS official, including but not limited to faculty, staff or administrators, representing oneself as an agent of CSRIPS
 - e. Forgery, alteration, or the misuse of any CSRIPS document, record, or instrument of identification
 6. Disorderly Conduct
 7. Disruption of the Educational Environment – including but not limited to:
 - a. To ensure the quality of the educational environment, the use of electronic communication and entertainment devices, such as cell phones, iPods, iPhones, MP3s, etc. by students in the classroom is prohibited unless otherwise explicitly stated by the individual instructor’s syllabus. Therefore, all such devices must be inaudible and placed out of sight during class.
 8. False Report – falsely reporting a bomb or other incendiary device or any other dangerous condition by any medium. Note: These acts are considered acts of terrorism and CSRIPS will use all means available to assist in the identification of students who make such threats.
 9. Hazing as defined in Florida State Statute, Chapter 1006.63

10. Immigration Status of F1 or M1 Students – If a final course grade or enrollment status is correct it is unlawful and a violation of the Student Code of Conduct for students to ask faculty or any CSRIPS staff to alter a grade or enrollment status to remain in compliance with Federal immigration regulations.
11. Misbehavior - Any behavior that is inappropriate and detrimental to the mission, goals, and purpose of the institution
12. Misuse of Student ID.
13. Non-Compliance with Directions:
 - a. Non-compliance with the directions of CSRIPS personnel or law enforcement officers acting in the performance of their duties
 - b. Failure to identify oneself to these persons when properly requested to do so
14. Non-Compliance with the Student Discipline System, including but not limited to:
 - a. Failure to appear before the Operations Manager or other CSRIPS staff when requested to do so
 - b. Falsification, distortion, or misrepresentation of information before CSRIPS staff
 - c. Disruption or interference with the orderly conduct of a student meeting
 - d. Knowingly making false accusations of student misconduct without cause
 - e. Attempting to discourage an individual's proper participation in, or use of, the student discipline system
 - f. Attempting to influence the impartiality of a member of CSRIPS staff prior to, and/or during the course of, any student meeting
 - g. Harassment (verbal or physical) and/or intimidation of a member of CSRIPS prior to, during, and/or after a student meeting
 - h. Failure to comply with the sanction(s) imposed under the Demerit System
 - i. Influencing or attempting to influence another person to commit an abuse of the student discipline system
15. Obstruction of Pedestrian or Vehicular Movement
16. Public Intoxication/Disorderly Behavior
17. Smoking and tobacco use in accordance with CSRIPS Policy
18. Sexual Misconduct
 - a. The Family Educational Rights and Privacy Act (FERPA) permits a postsecondary institution to disclose to an alleged victim of any crime of violence or nonforcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime, regardless of whether the institution concluded a violation was committed.
 - b. FERPA also permits institutions to disclose to anyone – not just the victim – the final results of a disciplinary proceeding, if CSRIPS determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense, and with

respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies.

19. Sexual Harassment by students against any member of CSRIPS community
20. Theft or Damage, or Attempted Theft or Damage, to a Person's or CSRIPS's Property
21. Unauthorized Computer Usage
22. Unauthorized Demonstration - participation in a campus demonstration where the student's behavior (including but not limited to excessive volume, obstruction of movement or access to facilities or services, harassment of other students, faculty, or staff etc.), disrupts the normal operations of CSRIPS and infringes on the rights of other members of CSRIPS community through, or leading or inciting others to disrupt scheduled and/or normal activities within any campus/ center building or area, or intentional obstruction which unreasonably interferes with freedom of movement, either pedestrian or vehicular
23. Unauthorized Possession, Use, or Distribution of Controlled Substances or Alcohol
24. Unauthorized Recording - Students may not make an audio or video recording of an instructor or speaker's seminar, lecture, tutorial, or other instructional setting without prior consent from the instructor or speaker. However, if such recording is an accommodation in accordance with the Americans with Disabilities Act, prior notification is required, rather than consent. Students may not make an audio or video recording of persons in conversation without prior consent of all parties
25. Unauthorized Use of CSRIPS Property or Facilities
26. Violation of Private Spaces - The CSRIPS provides restrooms and changing facilities that are designated for exclusive use by males or females (based on biological sex at birth) pursuant to Florida Statute s. 553.865. Any instructor, student, staff, or visitor who willfully enters one of these facilities and refuses to depart when asked to do so by: any administrative personnel, faculty member, security personnel, or law enforcement personnel, is in violation of The CSRIPS Code of Conduct, Private Spaces. A person of the opposite sex may only enter one of these facilities for one of the purposes stated below (553.865 (6)):
 - (a) To accompany a person of the opposite sex for the purpose of assisting or chaperoning a child under the age of 12, an elderly person as defined in s. 825.101, or a person with a disability as defined in s. 760.22 or a developmental disability as defined in s. 393.063; or
 - (b) For law enforcement or governmental regulatory purposes; or
 - (c) For the purpose of rendering emergency medical assistance or to intervene in any other emergency situation; or
 - (d) For custodial, maintenance, or inspection purposes, provided that the restroom or changing facility is not in use; or

- (e) If the appropriate designated restroom or changing facility is out of order or under repair and the restroom or changing facility designated for the opposite sex contains no person of the opposite sex.
 - a. Violation of this policy will result in a Student Record of Discussion. A second violation will result in disciplinary actions up to dismissal. Law enforcement will be called on any non-student or administrative personnel who willfully enters one of these facilities and refuses to depart.
 - b. If a person finds that CSRIPS is in violation of this statute, they may file a complaint with the Attorney General alleging that the institution has failed to meet the minimum requirements for restrooms and changing facilities under ss. 553.865(4) and (5), F.S.
27. Violation of CSRIPS Policy - Students may be subject to discipline per the Student Code of Conduct for violations of law that occur on CSRIPS premises or at any CSRIPS-sponsored activity, and for violations of law that do not occur on CSRIPS Premises or at CSRIPS-Sponsored Activities:
- a. If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of this Code, disciplinary action may be taken and sanctions imposed for grave misconduct which demonstrates flagrant disregard for CSRIPS community and/or which could disrupt the educational mission of CSRIPS. Such an off-campus violation must be of a nature wherein the presence of the student at a CSRIPS campus is reasonably considered to be a danger to persons or property.
 - b. CSRIPS disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of this Student Code. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
 - c. When a student is charged by federal, state, or local authorities with a violation of law, CSRIPS will not request or agree to special consideration for that individual because of his or her status as a student.
 - d. CSRIPS will cooperate fully with law enforcement and other agencies in enforcing the law on campus and in the conditions imposed by a judge in a court-of-law. Individual students and faculty members remain free to interact with governmental representatives, as they deem appropriate.
28. Violation of Published Policies/Procedures, Rules or Regulation.
29. Violence Against Women Act prohibitions against dating violence, domestic violence, sexual assault, and stalking.
30. Weapons and Dangerous Materials

CSRIPS retains the right to discipline students and student organizations up to dismissal from CSRIPS for violation of this policy.

Students who are also employees of CSRIPS, who are found to have violated the Student Code of Conduct, may also be subject to disciplinary action as employees up to and including termination of their employment from CSRIPS. Any such instances will be investigated by the Operations Manager or his/her designee. Additionally, employees of CSRIPS who are also students, and who are subject to disciplinary action in their role as employees, may also be subject to disciplinary action through the Student Code of Conduct.

CSRIPS maintains partnerships with external institutions including but not limited to fire departments and health services providers. A student who violates the rules of a CSRIPS partner is also subject to CSRIPS Policy, including CSRIPS Student Code of Conduct. Additionally, a student who violates CSRIPS Student Code of Conduct may also be found to have violated the rules of a CSRIPS partner.

Definitions

ABUSIVE CONDUCT - physical abuse, verbal abuse, threats, intimidation, harassment, coercion and/or other conduct which threatens or endangers the physical or emotional health or safety of any person

BIAS-MOTIVATED CONDUCT (commonly referred to as “Hate Crimes”) – occurs when a perpetrator targets a victim because of his or her actual or perceived membership in a certain social group, usually defined by race, color, ancestry, ethnicity, religion, sexual orientation, national origin, homeless status, mental or physical disability, gender, gender identity, political affiliation, etc. Hate crimes differ from conventional crimes because they are not directed simply at an individual, but cause fear and intimidation in an entire class of people.

BRIBERY - offering, soliciting, receiving, or giving money or any item or service to a CSRIPS employee for the purpose of attempting to obtain assistance, priority consideration, or any benefit that would not have otherwise been provided.

BULLYING – behavior that inflicts physical or psychological abuse on one or more members of the CSRIPS community. Such behavior may occur in-person or via electronic communication.

CHEATING - includes but is not limited to, copying homework assignments from another student; working together with another individual on a take-home test or homework when specifically prohibited from doing so by the instructor; and looking at text, notes or another student’s paper during an examination when not permitted to do so. Cheating also includes the giving of work or

information to another student to be copied and/or used as his or her own. Including, but not limited to, giving a student answers to exam questions either when the exam is being given or after having taken an exam; informing another student of specific questions that appear or have appeared on an exam in the same academic term; giving or selling a term paper, report, project or other restricted written materials to another student.

CODE OF CONDUCT - a set of conventional principles and expectations that are considered binding on any student at CSRIPS.

CONTROLLED SUBSTANCE – all illegal drugs and prescription drugs taken without a physician’s order.

DISCRIMINATION - treating any student, officer, employee, or agent of CSRIPS differently than others are treated based upon race, color, sex, national origin, religion, age, disability, marital status, sexual orientation, veteran status, or any other legally protected classification.

DISORDERLY CONDUCT - conduct which is disorderly, lewd, or indecent; breach of peace; or aiding, abetting, or procuring another person to breach the peace on CSRIPS premises or at functions sponsored by, or participated in by CSRIPS.

DISRUPTION - disruption or obstruction of teaching, research, administration, disciplinary proceedings, other CSRIPS activities, including its public-service functions on or off campus, or other authorized non-CSRIPS activities.

HARASSMENT - any verbal or physical conduct based on race, color, sex, national origin, religion, age, disability, marital status, sexual orientation, veteran status, or retaliation, and that has the purpose or effect of unreasonably interfering with the individual’s education by creating an intimidating, hostile or offensive environment.

PLAGIARISM - includes but is not limited to, an attempt by a student to claim the work of another as the product of his or her own thoughts, regardless of whether that work has been published; quoting improperly or paraphrasing text or other written materials without proper citation on an exam, term paper, homework, or other written material submitted to an instructor as one’s own work; and handing in a paper to an instructor that was purchased from a term paper service or downloaded from the Internet and presenting another person’s academic work as one’s own. Individual academic departments may provide additional examples in writing of what does and does not constitute plagiarism, provided that such examples do not conflict with this policy.

RETALIATORY ACTION - any material adverse action taken against the person who makes or supports a complaint of discrimination or creating a hostile or threatening environment against such persons.

Attendance Policy

Because CSRIPS programs are measured in clock hours, all students are responsible to complete all requirements and hours for the program in which they are enrolled. Any absence from the program must be an excused absence (limited). On the first day the student shall receive a class calendar detailing the elements of the program.

- Firefighter I & II (lecture, workbook, quizzes, performance objectives and tests)
- EMT-Basic and EMT-Paramedic (lecture, lab, clinical, ride times, reports, quizzes, and tests)

The student is responsible to notify the Lead Instructor of any known conflicts or absences on Day 1 of the program utilizing the *Student Leave Request Form* in their MyCSRIPS account. There are specific elements of each program that cannot be missed and will have no make-up opportunity causing an immediate dismissal of the student from the program.

- **Firefighter I & II includes:** written and/or skills testing, extrication, live burns, HazMat Wildland, and Final Exam.
- **EMT-Basic includes:** Unit Tests, Midterm and Final exams, MCI day, pool day (if applicable), assignments/program work and skills testing.
- **EMT-Paramedic includes:** Unit Tests, Midterm and Final exams, any AHA classes, PHTLS, NAEMT classes and assignments/program work.

When a student has been given permission to miss class (lecture, lab) those hours must be made up within two (2) weeks and prior to current semester completion. The student and the instructor will complete the *Student Leave Request Form* detailing day/hours missed. The form will also detail the plan to make up the hours along with required signatures. Any delay in this process shall result in demerits or dismissal from the program.

All students in any program shall not exceed the maximum hours of absences listed below. Once the student has reached the maximum hours allowed, the student will be placed on academic probation until the hours are made up. If the student does not make up the hours within the two-week period, demerits will be assessed.

Firefighter I & II	8 Hours
EMT-Basic	8 Hours
EMT-Paramedic	9 Hours (<i>Per Semester</i>)

For Emergency Absences: Please see Emergency Absences section within the *Program Catalog and Student Reference Guide* for specific language regarding this issue. Extenuating circumstances will be considered and reviewed by the Program Director and/or Administrative Lead on a case-by-case basis.

Excused Absences

Any student who is aware of a conflict with lecture and lab scheduling must notify the Lead/Co-Lead utilizing the *Student Leave Request Form* in their MyCSRIPS student account giving detail as to the reason for why the absence(s) should be granted. The Lead and/or Co-lead Instructor will determine if the reason has justification for missing the time requested and schedule the date and hours for the time to be made up. Any and all assignments will be the sole responsibility of the student to make up in a timeframe determined by the Lead and/or Co-lead Instructor not to exceed 14 days.

For the EMT-Paramedic program, should the student miss the ACLS, PALS or PHTLS classes, it will be the student's responsibility to locate and pay for another ACLS, PALS or PHTLS class and make up the hours missed for that specific class. This will need to be completed within the current semester. If the student does not complete the ACLS, PALS, or PHTLS class, the student will not graduate and will not receive a Certificate of Completion.

The EMT-Paramedic class is in the classroom on a very limited basis, the student should make every attempt to schedule all appointments during other times.

Emergency Absences

If a student encounters an emergency and will not be able to attend CSRIPS, prior to class, he or she must immediately:

- Contact the Squad Leader – Mandatory
- Contact the Class Leader– Mandatory
- Contact the Lead and or Co-Lead (call or text) – Mandatory
- Contact CSRIPS and leave message if after/before hours of operation detailing students name, class, contact number (in the event you cannot reach any of the above)

*Students unable to attend and EMS externship must contact the Clinical Coordinator (call/text/email) prior to the start of the externship.

For privacy, the only people who should need to hear the nature of the emergency will be the Lead/Co-Lead. Additionally, the student will be required to keep the Lead/Co-Lead apprised of his/her status and estimated return. The time missed and all assignments will be the sole responsibility of the student to make up as defined by the Lead Instructor.

Any absence that has not been pre-approved or deemed a nonemergency, the student will be subject to demerits. If the student does not call the Lead/Co-Lead prior to the start of class, he/she will be considered AWOL. Please refer to the Demerit System section for consequences.

A student who misses a class, regardless of hours, will be given a *Student Record of Discussion* in addition to demerits and counseled by the Lead Instructor or his/her designee. The student shall be placed on probation until the hours are made up. Once the hours are made-up, the student returns to Good Standing. Should the student have another absence while on probation to exceed the maximum hours stated prior, the student shall be released by the Instructor or Program Director.

Jury Duty

If a student receives notification of jury duty while attending CSRIPS, he/she should immediately notify the Lead/Co-Lead of the class asking permission to see the Academic Program Advisor. The Academic Program Advisor will supply a letter of enrollment for the student to provide to the court explaining the circumstances and asking for a continuance of service.

Veterans Assistance

Information regarding the attendance responsibilities of the VA students receiving benefits is in the Veterans Affairs Students section of this manual.

Make-Up Work

Students who have been absent for any reason are required to make up any missed work by next unit exam or at the discretion of the lead instructor. It is the student's responsibility to schedule appropriate make up work with the instructor.

For the Firefighter I & II and EMS programs, all Coral Springs Regional Institute of Public Safety and Bureau of Fire Standards & Training requirements, quizzes, tests, and exams shall be completed **regardless of excused absences** in order to sit for the state exam. Particular items cannot be missed and an absence will result in immediate dismissal.

Tardiness Policy

Tardiness is not accepted from any student while enrolled at CSRIPS; nevertheless, we understand “things happen”! However, excuses or lies for being tardy will be dealt with swiftly and abruptly. If a student has a valid and legitimate reason for being tardy the student must follow the following steps, before the start of class:

- Call or text your squad leader & class leader immediately - Mandatory
- Email your lead/co-lead instructor immediately – Mandatory
- If you are unable to reach any of the above, contact CSRIPS Administration and leave a message

*Please note that not following these steps can result in the student being AWOL and is grounds for immediate dismissal. Please refer to the Demerit System in this manual for further detail.

Advise your reason and status, if you need assistance and what time you will be reporting. Any student being tardy without cause or valid reason will receive the appropriate demerits by the Lead/Co-Lead or instructor of the day. The time missed must be made up within two weeks and all assignments must be made up prior to next unit exam, this is the sole responsibility of the student. Time missed due to tardiness shall be rounded upward toward the next hour.

Example:

Student arrives at 08:15 documented arrival time 09:00 student owes 1 hour

Student arrives at 10:05 documented arrival time 11:00 student owes 3 hours

Early departures from class are strongly discouraged. Should a student need to leave class early, they must seek prior approval from the instructor. The request for early dismissal may be denied based on the program instruction for that day or the duration of the absence.

Re-Admission Policy

Students who did not complete a program will need to review the information below regarding the ability to re-register for the same program.

Academics

- Should a student be dismissed from a program due to failing grades, the student may choose to reapply for the program. The student will be required to complete the application process in its entirety and pay all applicable fees and tuition.

Discipline/Demerits

- A student who has been dismissed from any program with the following demerits has the right to request reregister for a future semester.
 - Day 1 Tardy
 - Day 1 Absence
 - Curriculum account/Books not purchased
 - Cheating (after serving suspension)
 - Code of Conduct
 - Attendance Policy
 - Disrespect to Staff
 - Disrespect to another student
- The student must notify CSRIPS prior to the registration period and schedule a meeting with the Operations Manager, Compliance Coordinator or Program Director. Based on the meeting outcome and decision, the student may be allowed to reregister following the completion of all required admission requirements.

Drop on Request

- Any student that drops a program once the class has begun will need to schedule a meeting with the Operations Manager, Compliance Coordinator or Program Director. Based on the meeting outcome and decision, the student may be allowed to reregister following the completion of all required admission requirements.

If a student is allowed to reregister for the same program, acceptance is not guaranteed. Admission to CSRIPS is based on a point system, and a student's standings within an applicant pool may vary from one registration period to another.

Refund Policy

Tuition is paid per semester. Please refer to the *Program Information* section of this document for details on program requirements for the public safety career path. Students are entitled to a refund of 100% of tuition paid and refundable course fees when classes are dropped¹ during the applicable course transfer/drop deadlines published in the [Academic Calendar](#).

1. All refunds will be made within thirty (30) days of transfer/drop period (5-day period).
2. Non-refundable application fee shall not exceed \$130.
3. All refundable monies will be fully refunded if the application is not accepted or if the student withdraws during the transfer/drop time period.
4. If you withdraw from a program after the transfer/drop deadline, you will be issued a grade of "W" (Withdrawn), and a refund will NOT be given.
5. If you withdraw from a program after completing more than 10 percent of the class, you will be issued a grade of "F" (Fail), and the refund policy is applied.
6. If you are removed from class due to academic or regulation violations, you will be issued a grade of "F" (Fail), and the refund policy is applied.
7. If you are removed from class at any point other than the transfer/drop period (fail or drop on request) a refund will NOT be given.
8. Official date of termination is the last day of actual attendance.
9. Any outstanding financial obligations to be owed to CSRIPS is payable in full on the effective date of the withdrawal.

Payments made with credit card will be refunded to the same credit card. Payments made by cashier's check or money order will be refunded by check.

If you received a scholarship or if your fees were paid by an approved agency, you might be entitled to a refund after proper credits are first issued to the awarding agency. Refund policies are established by and subject to change by the Legislature of the State of Florida.

Return to Title IV Funds (R2T4) – Federal Financial Student Aid and Military Benefits require students who have completed less than 49 percent of their program's required clock hours to return a prorated amount of such aid back to the federal government. CSRIPS will return the portion of the funding not used by the student, the student is responsible to CSRIPS for the remaining balance.

Please see the Withdrawal Process for details on how to withdraw.

¹ Please see the Withdrawal Process in the *Program Catalog and Student Reference Guide* for details on how to withdraw.

Transfer Policy

Students in existing classes have the ability to transfer from one class to another based on 2 criteria²;

1. Good standing
2. Injury (onsite)

Good standing

- Students having already begun class may request a transfer to another class prior to reaching 10% of the total hours of class. Refunds will not be given in lieu of a transfer.
 - EMT-Basic 30 hours
 - EMT-Paramedic 31 hours
 - Firefighter I & II 49 hours
- A student is in good standing when they have not met or exceeded 10 demerits, maintained an overall program GPA of 80%, no outstanding absences, and no financial obligations. A student must be in good standing for semester advancement and program completion.
- Students are responsible for all fees and tuition.
- Transfer granted on a case-by-case basis.

Injury (onsite)

- Student must be in good standing.
- A student who suffers a traumatic or medical emergency during class time, which precludes him/her from continuing the program, will be considered for entry to the next available class. The student will need to pay the balance of the tuition if there has been an increase in tuition.
- A physician must give the student full medical clearance prior to returning to his/her current class or registering for the next class.
- Approval from the Operations Manager or his/her designee is required for re-enrollment.
- Students must re-enroll within 12 months of date of release. He/she must contact the Academic Program Advisor prior to the registration period of the class they have been approved to enroll in.

² Transfer from one class to another means student can transfer from one EMT-Basic class to another EMT-Basic class or from one Firefighter I&II class to another Firefighter I&II class. Students do not have the ability to transfer from an EMT-Basic class into a Firefighter I&II class at any time due to the separate program requirements. Students in the EMT-Paramedic program cannot transfer from one class to another EMT-Paramedic class. Students that are only in enrolled status may also request a transfer. These requests will only be accepted within the transfer/drop period as stated on the Academic Calendar.

- Re-entry requirements will be reviewed on a case-by-case basis. A student may be responsible for completing entrance requirements to re-enter the program.

Medical (Offsite)

- Any illness, medical condition or injury which occurred outside of the program, precluding a student from continuing the program, shall be released.
- A physician must give the student full medical clearance prior to re-enrolling for classes.
- This is not considered a transfer and the student will be required to meet all enrollment requirements and financial obligations.

Transfer Process

The request will be reviewed on a case-by-case basis and only approved by the Operations Manager. The student can be granted a transfer once the following conditions are met.

1. A student must submit the *Student Transfer Form* in their MyCSRIPS student portal to the Lead Instructor and Academic Program Advisor.
2. The Lead Instructor or designee will validate and confirm the student is in good standing.
3. The Lead Instructor and student will sign the transfer form to be reviewed by the Program Academic Advisor, Program Administrator and Compliance Coordinator.

At times, EMT-Paramedic students get hired while enrolled in the EMT-Paramedic class. Should this happen, the student may need to take a leave of absence from class to attend mandatory job training. Students must complete the *Paramedic Leave of Absence/Re-entry Application* to initiate and track this process from requesting the leave to returning to class. Please see the Paramedic Transfer Policy for additional information.

Fees

The student must pay a transfer fee of \$75.00 plus a fee per hour times the number of hours the student was in class.

Program	Hourly fee (tuition)
Firefighter I & II	\$7.17 (3555.00)
EMT-Basic	\$7.29 (2230.00)
EMT-Paramedic	\$7.17 (7957.00)

i.e., Fire student was in class for 100 hours – $100 \times \$7.17 = \$717.00 + \$75.00 = \792.00

The student may be required to pay for additional Lab & Materials. This will be reviewed at the transfer request.

Paramedic Transfer Policy

EMT-Paramedic students may require a transfer due to being hired, or for financial or personal reasons. Transfers are an option provided the following criteria is met.

Students must meet following benchmarks:

1. 80% grade point average
2. No outstanding absences
3. No demerits
4. All financial obligations to date are met
5. Current semester hours must be complete
6. Clinical/ride time hours completed to date
7. FISDAP reports completed
8. Recommendation from instructor
9. Less than 6-month gap from end of current class to beginning of new class date
10. Approval from the Operations Manager

The student shall complete the *Paramedic Leave of Absence Form* in their MyCSRIPS student portal. Should a student leave during a semester, the student will need to complete and pass a re-entry exam and will begin class at the beginning of the semester.

Remedial Training Policy

Each program will have a series of quizzes, tests, workbook assignments that combine to give a CGPA. Students must maintain a grade of 80% or (B) throughout the class to graduate from the program. Students using VA benefits, please refer VA benefits for maintaining GPA. Failure to maintain GPA will result in a student receiving a *Student Record of Discussion*.

Dual Enrollment Policy

From time-to-time students may wish to enroll into 2 overlapping programs (i.e., current EMT-Paramedic student that wishes to enroll into the Firefighter I & II program). Due to the significant commitment involved for each program, parameters have been created to increase student success. Students must meet all of the criteria to be eligible but even then, approval is not guaranteed.

- Eligibility criteria
 - Current GPA of 90% or better and completed at least 90% of current program
 - 100% attendance record
 - No demerits
 - Not on academic probation
 - No outstanding financial obligations in current or previous classes
 - No outstanding state exams for completed courses (i.e., if you are a Firefighter I & II student, you may not dually enroll into EMT-Paramedic without your EMT-Basic state or national license)

- Students wishing to dual enroll must seek the approval from the Operations Manager prior to registering for the 2nd class.
 - Students shall email the current Academic Program Advisor, current Lead/Co-Lead Instructor, and Operations Manager or his/her designee with the formal request to dual enroll.
- Lead Instructor of current program will provide a letter on the academic status of the student in the current program.
- Approval for dual enrollment shall be made by the Operations Manager and/or a designee.
- Upon approval, the student may register for the class during the registration period as outlined on the Academic Calendar. Dual Enrollment approval is not guaranteed.
- Students shall not miss any time in either program during dual enrollment to fulfill obligations in either program.
- There are no additional fees to dual enroll however the student will still need to satisfy all registration fees and tuition.

Dress Code Policy

Grooming standards and uniform dress code must be maintained throughout the duration of the program. The uniform for outside training shall be at the discretion of the instructor(s) of the day. The instructor will indicate the appropriate uniform for the activity to be performed.

*** Firefighter I & II students will always wear the minimum of a fire helmet with face shield down and safety shoes for minimum level of safety while on the fire ground.

Grooming and Hygiene:

- Male students must
 - be clean shaven
 - have mustache trimmed to the edge of the mouth
 - Sideburns need to be trimmed to the center of the ear and hair not touching their collar
- Hair – male and female
 - required to be of natural color
 - secured in a bun, or some neat style, above the collar (no ponytails)
- No headbands, wraps, bandanas, hats, ribbons, hair accessories, etc.
- Fingernails must
 - be of short, natural length and not exceed the length of the finger
 - have no polish or clear polish only
- No jewelry of any kind (including, but not limited to, earrings, necklaces, bracelets, facial rings/studs, tongue ring/stud, or any other accessory). Synthetic (plastic, rubber, silicone, etc.) wedding rings may be worn.
- No sunglasses on campus or while participating in clinical and rides
- Students shall be free of perfumes

The acceptable daily classroom, ride, hospital, and fire ground uniform:

- Coral Springs Regional Institute of Public Safety shirt
 - Firefighter I & II: grey CSRIPS logo t-shirt
 - EMS: grey collared CSRIPS logo shirt
- Coral Springs Regional Institute of Public Safety Sweatshirt (CSRIPS uniform shirt must be worn underneath and no other sweatshirt, jacket, sweater, or any other outerwear is accepted)
- Navy blue uniform pants (Straight leg or BDU)
- Black belt (Leather or Tactical)
- Black/blue/grey socks

- Black ANSI certified safety toe boots or shoes
- Wristwatch (EMT-Basic and EMT-Paramedic students only)
- Stethoscope (EMT-Basic students only)

Physical Training:

- CSRIPS t-shirt
- CSRIPS shorts
- White/black/blue/grey socks
- Sneakers

Fire Ground Requirements (in addition to the acceptable daily uniform above):

- NFPA compliant bunker coat
- NFPA compliant bunker pants w/suspenders
- NFPA compliant protective Nomex® hood
- NFPA compliant fire gloves
- NFPA fire helmet with 4" face shield

Only a CSRIPS zipper sweatshirt is permitted during any class hours including rides and clinicals.

All uniforms noted above can be amended by the Program Director, Operations Manager or his/her designee. Any changes to the policy will be in compliance with the National Fire Protection Agency (NFPA) and Department of Health (DOH).

Tattoos:

Should a student have any visible tattoos on the body, students shall wear the CSRIPS long sleeve shirt and take every necessary precaution to cover up the tattoos. EMS students should wear a neutral colored (white, grey, black, navy blue) sleeve under their CSRIPS collared shirt. If a tattoo is on the face or neck, the student must contact the office at 954-346-1774 for further information.

Substance Abuse Policy

Any student who is believed to be of illness or under the influence of alcohol, drugs, narcotics, chemicals, or any other type of performance altering medication shall be subject to an evaluation by a physician approved by CSRIPS's administration. Cost of the examination will be borne by the student. Failure to submit to such an examination may result in dismissal from the program. Failure to comply with this rule shall constitute dismissal from the program as described in the Demerit System in this manual.

Tobacco Policy

The Coral Springs Regional Institute of Public Safety has a strict no smoking policy and/or use of tobacco products (including e-cigs) in or on City of Coral Springs property or while in Coral Springs Regional Institute of Public Safety uniform outside city property. Failure to comply with this rule shall constitute dismissal from the program as described in the Demerit System in this manual.

This includes but is not limited to:

- Cigarettes
- Cigars
- Pipes
- Smokeless tobacco
- Snuff
- Chewing tobacco
- Smokeless pouches
- E-cigarettes/ Vaping devices

Energy Drinks Policy

No student shall consume or be in possession of energy drinks during class hours and on/near academy grounds. This shall include and not be limited to Red Bull, 5 Hour Energy, high caffeinated drinks, etc. Failure to comply with this rule shall constitute dismissal from the program as described in the Demerit System in this manual.

Cell Phone and Electronic Device Policy

The Coral Springs Regional Institute of Public Safety is dedicated to providing an ideal learning environment where we can keep testing material secure and learning environments free from distractions. To do this, usage of all cell phones and electronic devices, including smart watches (except laptops), will be prohibited in the classroom unless required by your lead instructor or his/her designee. You may keep your personal cell phones turned off or on silent in a bag or some other carrying device that is not attached to your uniform. Any student whose phone notification disrupts class may be subject to disciplinary actions. The use of cell phones on the fire ground for taking pictures or video is strictly prohibited. Approved devices for use for pictures or videos shall be cameras, camcorders, or helmet mounted cameras (use of these devices must be approved by your lead instructor).

Cell phones may only be checked in the first-floor student breakroom, your vehicle or while you are off school grounds **AND** only while on break. Cell phones may only be used inside the building

when approved by your lead instructor, co-lead instructor, or a member of administration. The use of cell phones in the lobby, hallways and directly at the front entrance to CSRIPS is prohibited. Specific situations will be handled on a case-by-case basis that will be approved by the Lead, Co-Lead or Instructor of The Day. Such examples of specific situations include but are not limited to; family illness, childcare issues, birth of a newborn, etc. Any infraction of this policy will be strictly enforced. Please refer to the Demerit System in this manual for consequences relating to cell phone usage.

During assigned hospital clinical rotations and field rotations: cell phones, smart watches and headphones are prohibited in patient rooms, in fire department rescues/apparatus and during emergency calls. Cell phones may be turned off or on silent in a bag or some other carrying device that is not attached to your uniform.

Social Media Policy

CSRIPS has the right to monitor and review social media posts made by its students as it deems as necessary and appropriate for the efficient and effective administration and operation of the Coral Springs Regional Institute of Public Safety.

Definitions

- Posts - Messages sent through or placed on social media websites by users, whether in the form of emails, “status updates”, “wall” messages, tweets, diary entries, instant messages, web log (or “blog”) entries, photographs, videos, etc.
- Social Media - refers to websites, hosted by individuals or entities, through which individuals and entities communicate by posting information, sending emails and/or otherwise sharing data including, but not limited to, all forms of on-line community activities, such as on-line social networks, message boards, conversation pages, photo sharing websites, and chat rooms, Wikis such as Wikipedia and any other site where text can be posted, Facebook, My Space, Friendster, personal blogs (i.e., BlogSpot, CafePress, etc.), Photobucket, Flickr, YouTube, Twitter, Yahoo, Google (including Google Docs, Gmail and other applications). This definition also applies to new forms of communication that may arise in the future.

Responsibilities

- Use of Coral Springs Fire Department/CSRIPS leased or owned equipment constitutes an immediate dismissal from the program.

- Students shall not disclose confidential information of the CSRIPS or the Coral Springs Fire Department or its staff and instructors, or confidential information of third parties who have provided the information to CSRIPS, including federal, state or local security/safety information, personnel information, and Protected Health Information as defined in the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").
- Students maintaining or contributing to social media or engaging in posts shall not use the Coral Springs Regional Institute of Public Safety name in their identity (*e.g.*, username, “handle” or screen name). They also must not speak as a representative of the Coral Springs Regional Institute of Public Safety, unless expressly authorized by the Coral Springs Regional Institute of Public Safety.
- Students will be courteous, respectful, and thoughtful about how the Coral Springs Regional Institute of Public Safety and other students may be affected by posts. Incomplete, inaccurate, inappropriate, threatening, harassing or poorly worded posts may be harmful to other students, damage member relationships, undermine the Coral Springs Regional Institute of Public Safety’s efforts to encourage teamwork, violate the SOPs, or harm the Coral Springs Regional Institute of Public Safety, which may result in corrective or disciplinary action up to and including release from program. Students bear full responsibility for information contained in their posts and their social media. Students must make certain that their posts are accurate and must correct any inaccurate statements they make. Students must not reference other Coral Springs Regional Institute of Public Safety students or Coral Springs Regional Institute of Public Safety customers without obtaining their express permission to do so. Most social media sites require that users, when they sign up, agree to abide by a Terms of Service document. Students are responsible for reading, knowing, and complying with the Terms of Service of the social media sites they use.

Stated simply, the decision by students to use a different medium does not excuse recklessness in public communication or limit the Coral Springs Regional Institute of Public Safety’s ability to regulate students’ social media and posts as it could any other communication. The Coral Springs Regional Institute of Public Safety supports its students’ rights to engage in discourse about matters of public concern, to discuss the terms and conditions of their employment and supports their First Amendment rights. However, the Coral Springs Regional Institute of Public Safety prohibits actions that violate this policy.

Photographs/Videos

Students are discouraged from taking photographs or videos (whether by handheld camera or camcorder, cell phone camera or video camera, or otherwise) while performing any Coral Springs Regional Institute of Public Safety duty or activity, unless taking the photographs or videos was

ordered by a staff/instructor. Any photograph or video taken while performing any Coral Springs Regional Institute of Public Safety duty or activity is the property of the Coral Springs Regional Institute of Public Safety and is not the personal property of the person taking the photograph or video.

A student may not make personal use of a photograph or video taken while performing a Coral Springs Regional Institute of Public Safety duty or activity if the photograph or video contains identifying features such as addresses, faces, license plates, *etc.* "Personal use" includes, without limitation, using the photograph/video in social media posts; displaying the photograph/video in any area that may be viewed by the public; or otherwise exhibiting or displaying the photograph/video in a manner that is inconsistent with this policy.

The Coral Springs Regional Institute of Public Safety cannot limit a student from taking videos or pictures of Coral Springs Regional Institute of Public Safety activities while he/she is not in class; however, such actions are not authorized by the Coral Springs Regional Institute of Public Safety and the student will be personally responsible for any civil or criminal liability arising from such actions, including but not limited to, claims of invasion of privacy, defamation, intentional infliction of emotional distress, *etc.* The Coral Springs Regional Institute of Public Safety also may impose corrective or disciplinary action against the student for such off-duty (not in class/ride/clinical) activities where the activities (i) are reasonably and rationally related to the Coral Springs Regional Institute of Public Safety activities and responsibilities of the student, or (ii) there is a conflict of interest with the students responsibilities to the Coral Springs Regional Institute of Public Safety or the appearance of such a conflict of interest.

As with photographs or videos taken while performing a Coral Springs Regional Institute of Public Safety duty or activity, the Coral Springs Regional Institute of Public Safety discourages students from making personal use of a photograph or video taken while off-duty (not in class/ride/clinical) if the photograph or video contains identifying features such as addresses, faces, license plates, *etc.* Such personal use may create a conflict of interest or appearance of a conflict of interest, may constitute a release of confidential information of the Coral Springs Regional Institute of Public Safety or protected health information, or may violate other provisions of this policy. Students must be deliberative and thoughtful when disclosing any such information in posts, email, or text messages.

Student Appeals/Grievance Policy

Students may appeal or challenge disciplinary actions, disciplinary procedures and instructor actions or inactions from the time of the infraction/problem occur.

- Students have 3 days **from the time of the occurrence** to complete the *Student Appeals & Grievance Form* in their MyCSRIPS account to document the issue in writing.
- The form shall list date of the occurrence, instructor(s) of the day, witnesses to the situation and any statements they choose to make with a full description of the infraction/problem.
- If a student's disciplinary action does not result in the students release from the program, the student shall not be permitted to miss any class hours during the appeals/grievance process unless approved by the lead instructor or the Program Director/Administrator.
- If a student is allowed to miss hours during this appeal, he/she will be required to make up the full amount upon the conclusion and result of the appeal/grievance.
- If the student is removed from the program as a result of the process it will defer to the Program Director/Administrator and Operations Manager or his/her designees to determine if the student is entitled to re-enrollment, transfer, or termination.
- Once the student notification has been made, the school will set an appointment with the appropriate staff, lead instructor, Program Director/Administrator and/or Operations Manager or his/her designee.
- Student appeals or complaints will be evaluated and documented by Lead instructor (if appropriate), Compliance Coordinator, and/or Program Director/Administrator.
- The Program Director will take action as necessary based on the validity of the students appeal or their grievance with Operations Manager or his/her designee.
- Students may refer their grievance, if unresolved, to the following address, within 5 workdays. For any dispute that is unresolved students are encouraged to voice their concerns.

Academic Support

Public Library – Main Campus

The Northwest Regional Library facility, located at 3151 University Drive, is a short drive from the Coral Springs Regional Institute of Public Safety. This technical library information resource center features 72,000 square feet of space with 150,000 items including books, magazines, videotapes, audio tapes, DVDs, CDs, book-on-tape and computer software. It has a computer technology center that seats 40, a multipurpose room that seats 200, a quiet study room and numerous public access computers. There are 31 public use computers with internet access. Also, 14 study carrels have internet capability provided for patron's laptop access. There are televisions and a computer for patrons to keep up with financial news in the business area. A break room with refreshments is available for patrons also.

Operating hours:	Monday - Wednesday	10:00 am – 8:00 pm
	Thursday - Sunday	10:00 am – 6:00 pm

These are subject to change. Please see www.broward.org/library for the latest information on the Northwest Regional Library.

Non-Discrimination Policy Statement

It is the policy of the Coral Springs Regional Institute of Public Safety to not discriminate against students on the basis of age, religion, disability, race, color, gender, or national origin to the extent of the law.

Americans with Disabilities Act (ADA)

It is the responsibility of the Operations Manager to ensure the Coral Springs Regional Institute of Public Safety is in compliance with the Americans with Disabilities Act. The ADA provides civil rights protection for persons with disabilities. These rights are parallel to those rights that have been established by the federal government for women and minorities. A qualified individual with a disability cannot be denied admittance to participation in or benefit from goods services, facilities, programs, privileges, advantages, or accommodations at the Coral Springs Regional Institute of Public Safety.

If a student enrolls in CSRIPS and he/she has a disability, it is the responsibility of the student to indicate they possess an Individualized Education Program (IEP) on their application. In addition

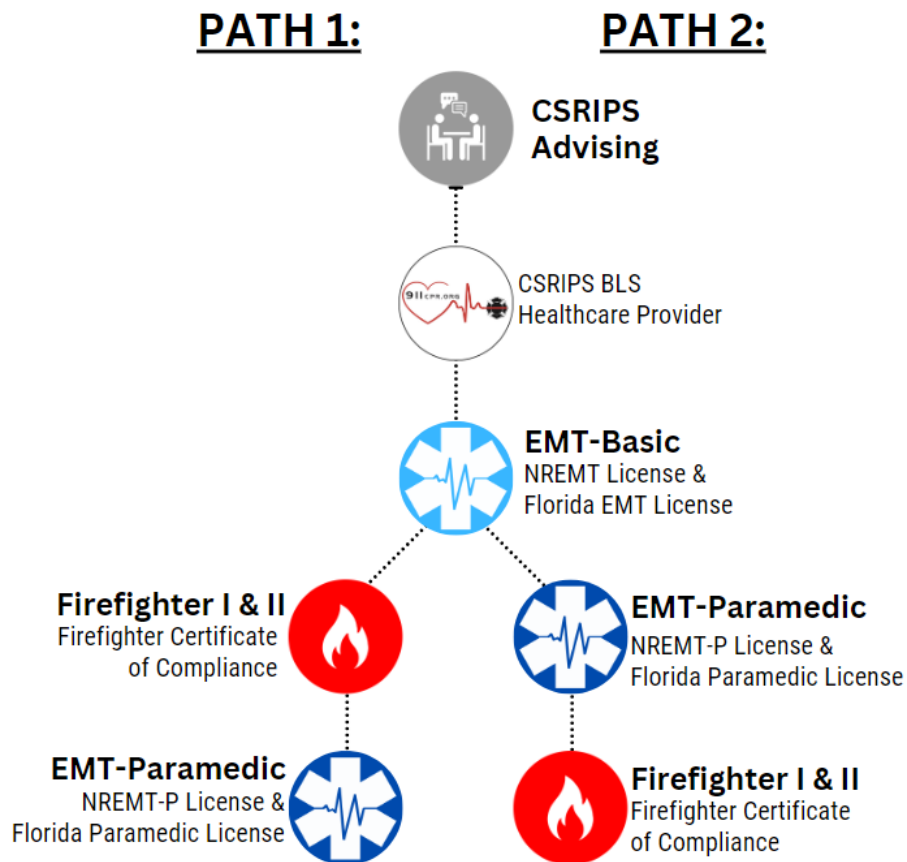

to indicating yes on the check box, the student will be required to upload a copy of their IEP with the Transition component. The title of the IEP may appear as Transition Individual Education Plan (TIEP). When the application is received and reviewed, the student will receive a notification to include the Student Information Release Form. This form allows the student to identify who may be involved in discussions regarding the education and any accommodations that can be made.

The student will be required to meet with the Operations Manager or designee prior to class beginning to discuss the class and student expectations. At the conclusion of the meeting, a decision will be made about what accommodations can be granted along with determining the best educational path for the student. The student will not be enrolled into a class until this meeting has taken place.

Program Information

On the following pages, you will find our program information. As a public safety school, it is our main objective to prepare each student to successfully achieve their goal of becoming a firefighter. Becoming a Firefighter/EMT or Firefighter/Paramedic in the region requires the student to complete multiple programs. At minimum, the student will be required to complete the EMT-Basic program and the Firefighter I & II program. Since most of the agencies require the student to also be a paramedic, the student will also need to complete the EMT-Paramedic program. The entire educational process will take approximately 2 ½ years to complete.

The academic calendar should be used to create the student’s educational path. Please review each semester to determine the registration dates and withdrawal periods.

Student Educational Paths

Certificate of Completion - Firefighter I & II Program

Program Objective

The purpose of the Firefighter I & II program is to educate, prepare, and provide an opportunity for persons with the desire to become skilled in firefighting techniques. By successfully completing all mandated performance objectives of the program, students will be prepared to take the State of Florida Firefighter I & II examination. A passing grade on the State exam written and practical is required to receive a State of Florida Certification of Compliance.

Program Description

This certification program is a mentally, physically, and emotionally challenging program that takes heart, focus, dedication and perseverance to achieve. It is two (2) courses that make up the Firefighter I & II program and includes extensive classroom and practical elements in conjunction with numerous hours of self-study.

Based on the requirements set forth by the State of Florida Bureau of Fire Training and Standards (BFST) below are the minimum standards that will be taught.

These requirements are subject to change at the discretion of the BFST.

Firefighter I

Subject

General (18 Knowledge, 1 Skill = 19 Total Hours) (Meets JPR 4.1)

Fire Department Communications (2 Knowledge, 2 Skill = 4 Total Hours) (Meets JPR 4.2)

Fireground Operations (25 Knowledge, 67 Skill = 92 Total Hours) (Meets JPR 4.3)

Preparedness and Maintenance (2 Knowledge, 2 Skill = 4 Total Hours) (Meets JPR 4.5)

EMS Requirements (3 Knowledge, 5 Skill = 8 Total Hours) (Meets JPR 6.1)

Florida Requirements (44 Knowledge, 10 Skill, 10 Assessment = 64 Total Hours)

Firefighter II

Subject

General (18 Knowledge, 0 Skill = 18 Total Hours) (Meets JPR 5.1)

Fire Department Communications (2 Knowledge, 2 Skill = 4 Total Hours) (JPR 5.2)

Fireground Operations (46 Knowledge, 115 Skill = 161 Total Hours) (JPR 5.3)

Rescue Operations (8 Knowledge, 8 Skill = 16 Total Hours) (Meets JPR 5.4)

Fire and Life Safety, Preparedness, Maintenance (5 Knowledge, 9 Skill = 14 Total Hours) (JPR 5.5)

EMS Requirements (20 Knowledge, 20 Skill = 40 Total Hours) (Meets JPR 6.2)

Florida Requirements (25 Knowledge, 13 Skill, 10 Assessment = 48 Total Hours)

CSRIPS Requirements (4 Skill = 4 hours)

The program has 3 mandatory elements each student must pass;

- Lecture/Classroom
- Fire Skills (performance objectives)
- Physical Training (PT)

Lecture/Classroom

This portion of the program is designed to give the student the knowledge, terminology and understanding of material required to perform the skills required on the fire ground. Based on the length of the material each subject matter has and the particular class the student is enrolled, the student could be in a lecture up to eight (8) hours. The lectures are given by state certified instructors utilizing PowerPoint presentations, videos, demonstrations, question and answer sessions, or any means he/she feels necessary to deliver the appropriate information to the student.

The Coral Springs Regional Institute of Public Safety utilizes the state approved curriculum from the **Florida Bureau of Fire Standards**. The information utilized will come from the latest edition of IFSTA which is currently the 7th edition. In addition to the book, IFSTA also hosts a learning platform called ResourceOne. Every student at the Coral Springs Regional Institute of Public Safety is required to utilize this platform as it provides an excellent advantage and benefit with twenty-four (24) hour access to program materials including book, workbook, PowerPoints, quizzes, and tests. Students may utilize personal laptops or tablets during classroom activities. However, all quizzes and tests will be done on CSRIPS tablets for the safety and security of the program test banks.

Fire Skills (Performance Objectives)

Each section of the state outline may be the subject of a performance objective (PO). Student must pass all POs as indicated according to the PO (each PO has a description and guidelines). A student not successfully passing a PO must retake the PO. Make-ups will be given at a time convenient to the instructor and the class schedule.

Physical Training (PT)

Firefighter I&II students will have completed the Entrance Physical Assessment Test, this test only measures enough to get them in the door. During physical training, the student is responsible to manage, perform and maintain a strong physical presence. Exercises will increase each week in number in order to reach the desired proficiency level. Each student will be involved in the exercises as a part of the instructional program. Failure to participate in physical training and/or meet the desired proficiency level will be considered grounds for dismissal from the program.

Program Length and Content

The Firefighter I & II training program is designed to meet the pre-employment requirements prescribed by Florida Statute 633.34, Qualifications for Employment and encompasses a minimum of 496 contact hours required by the State.

- 496 total program hours
 - Firefighter 1 - 191
 - Firefighter 2 – 301
 - CSRIPS – 4

Classes & Hours

Firefighter I & II course is offered during the Winter, Spring and Summer semester. It is not offered during the Fall semester.

Full-Time Day Class: 496 hours

- Monday thru Friday
- 8am to 5:30pm (9.5) hour days
- 40 hours per week for lecture and skills practice
- Students are given 1 ½ hours of break time during the day, therefore 8.0 hours per class is counted as actual class hours (40 total hours per week)
- **Approximately 14-15 weeks for completion
- Physical training

Part-Time Accelerated Class: 496 hours

- Monday, Wednesday, Friday, and Saturday
- 5:30 pm to 10:30 pm (5) hour evenings
- 8:00 am to 5:30 pm (9.5) hour Saturdays
- Students are given 1 ½ hours of break time during the Saturday class, therefore 8.0 hours per class is counted as actual class hours
- **Approximately 23-25 weeks for completion
- Physical training

Part-Time Regular Class: 496 hours

- Tuesday, Thursday, and Saturday
- 5:30 pm to 10:30 pm (5) hour evenings
- 8:00 am to 5:30 pm (9.5) hour Saturdays
- Students are given 1 ½ hours of break time during the Saturday class, therefore 8.0 hours per class is counted as actual class hours
- **Approximately 31-33 weeks for completion
- Physical training

**Please note that one clock hour is equal to 50 minutes of instructor lead training followed by an appropriate break. All class sessions are presented regardless of weather conditions and no absences are permitted.

**Approximation is based on recognized holidays or other days that class may be suspended, interrupted, or cancelled.

NOTE: Certain circumstances may require schedule changes.

Location

All Firefighter I & II classes are held at the CSRIPS campus at 4180 NW 120th Avenue, Coral Springs, Florida 33065.

Program Cost

APPLICATION FEE (Non-Refundable)	\$ 30.00
DEPOSIT FEE	\$ 50.00
FACILITY FEE (Non-Refundable)	\$ 40.00
LAB AND MATERIALS FEE (L&M)	\$ 360.00
<u>TUITION</u>	<u>\$ 3,555.00</u>
TOTAL PROGRAM PRICE	\$ 4,035.00

**External expenses for supplies, uniform, gear, etc. are not payable to CSRIPS.*

METHODS OF PAYMENT

1. VISA/MASTERCARD – through your MyCSRIPS account. The card cannot be used as a debit.
2. Florida Prepaid (Tuition only)
3. Florida 529 (L&M and Tuition)
4. Florida Bright Futures Scholarship
5. Veterans Benefits (L&M and Tuition)
6. Cashiers' Checks or Money Orders ONLY accepted.
 1. Made payable to: Coral Springs Fire Department
 2. Please PRINT your name, complete address and the last four of your SSN on all payments. No cash or personal checks.

PAYMENT PROCESS:

- Application Fee is due with the submittal of the application.
- Upon acceptance into the program, the student is responsible for paying all Fees and Tuition. The due date is on the CSRIPS website, the Academic Calendar and the class invoice on the MyCSRIPS student portal.

NOTE:

- The PAT date(s) will be posted and available on the website and is a separate registration from the Firefighter I & II class.

Firefighter I & II Admission Requirements

Prior to applying for the Firefighter I & II program, applicants must successfully complete the CSRIPS Entrance Physical Ability Test (EPAT) within 6 months of the start of the Firefighter I & II program. The EPAT dates will be posted and available on the website and is a separate registration from the Firefighter I & II program.

The application is a 2 step process. The first step is to apply from a link on the Firefighter I & II program page. This step will require the student to apply with the basic information as follows:

- Step 1 – Basic student information along with payment of the application fee. Firefighter I&II is a limited access program.
 - You will receive an email with instructions for completing Step 2 within your MyCSRIPS student portal. You are required to complete Step 2 by the deadline stipulated in the email.
- Step 2 – Student will be required to:
 - acknowledge Refund Policy (required)
 - acknowledge the Release and Waiver (required)
 - acknowledge the Photo Release and Waiver (required)
 - select alternate payment options (if applicable)
 - select Veteran benefits (if applicable)
 - select Individual Education Plan (IEP) (if applicable)
 - provide emergency contact information (required)
 - upload Medical Exam form
 - upload Notarized Tobacco Affidavit
 - upload EMR, EMT-Basic, or EMT-Paramedic certificate or license
 - upload diploma (high school or college or GED) (required)
 - upload driver's license (required)
 - upload optional information considered for admissions points

Course Pre-Work

Course pre-work will be outlined in your MyCSRIPS student portal upon acceptance into the program. Please note these assignments will have due dates and non-compliance will result in disciplinary action or dismissal. Be sure to review each assignment carefully for instructions and the Demerit System for disciplinary details.

Special Requirements

The Firefighter I & II program and firefighter career requires that students be physically able to complete all necessary tasks which will require but not limited to

- Bending and stooping
- Lifting & carrying potential patients and equipment which can exceed 175 lbs.
- Working on their knees for extended periods of time
- Working in dangerous environments for extended periods of time
- Other tasks requiring manual dexterity and strength

Students should also be aware that prospective employers normally require criminal and personal background checks, therefore, any criminal record or serious offenses on driver licenses may exclude certain employment opportunities.

Should a student have any questions about whether their criminal record will jeopardize their chances of employment, the student should call the Bureau of Fire Standards and Training at 352-369-2800.

Grading System: Tests and Written Testing Procedures

- ✓ Each section of the state outline will be the subject of a test, quiz, or exam.
- ✓ Students must pass all sections with a minimum of 80%.
- ✓ Failure to achieve a minimum score of 80% on any written test will require the student to take a make-up test within one week or at the discretion of the Lead Instructor. Retakes will be given at a time convenient to the instructor.
 - Regardless of passing score achieved on retest an 80% will be recorded.
- ✓ Test, quizzes, and/or exams may be given from any chapter of the book, instructor presentation, and any video shown during class.
- ✓ The workbook shall be completed for each chapter of the book.
- ✓ The average of all the workbook assignments will be totaled with the average of all the quiz grades for the unit. This grade will count as a test grade.
- ✓ Any incomplete questions in the workbook on the due date will constitute a score of "0" for that chapter.
- ✓ Each unit will have a unit test that will encompass all the chapters covered during that unit only.
- ✓ A failure of the unit test will follow the above makeup rule as long as this failure is not the third test failure (3rd test failure will result in dismissal).

- ✓ Performance Objectives (PO's) are pass/fail.
 - Student will have one make-up attempt per PO.
 - Failed make-up attempt results in dismissal for any PO.
 - Student can fail no more than five (5) POs upon successful make-up attempt.
 - On the sixth failed attempt student will be dismissed and no make-up will be given, excluding PO 1, PO 6, and PO 7.
- ✓ There will be a final exam that will encompass all the chapters covered during the program.
- ✓ Students must have an overall score of 80% (B) or better at the completion of the program to graduate.

The following shall result in dismissal from the program.

- ✓ Failing score on any make-up test.
- ✓ Failure of the final written exam shall constitute dismissal from the program.

Equipment

Students will be issued a CSRIPS regulator for use during the program. Each regulator has a unique number associated with it. These regulators are expensive, and the student will be held accountable for damaged or missing equipment. Students assessed damage or missing regulator fees must pay fines in order to receive a new regulator and continue with the program. If the student does not pay the fees, they will be removed from the program and no refund will be issued.

- Damage: \$200 (Per section. There are 4 sections.)
- Missing: \$800

Graduation Requirements

A Certificate of Completion is presented to students who have complied with the conditions noted previously and successfully facilitated the following:

1. Attended required class hours
2. Passed all requirements noted in program description
3. Fulfilled all monetary obligations
4. Return the ERG & SCBA regulator (if applicable)

Passing the State of Florida written exam and practical allows the student to become a certified Firefighter as outlined by Bureau of Fire Standards and Training. Students wishing to practice in another state must comply with that state's regulatory policy.

ATPC900 Firefighter I & II

Course Description:

The purpose of the Firefighter I & II course is to educate, prepare, and provide an opportunity for persons with the desire to become skilled in firefighting techniques. By successfully completing all mandated performance objectives of the program, students will be prepared to take the State of Florida Firefighter I & II examination. This course for firefighters is a mentally, physically, and emotionally challenging program that takes heart, focus, dedication, and perseverance to achieve. It includes extensive classroom and practical elements in conjunction with the numerous hours of self-study.

Students who receive a Firefighter I & II Certificate of Completion from the Coral Springs Regional Institute of Public Safety will be eligible to take the following exam;

- State of Florida Firefighter I & II exam for state certification

Certificate of Completion - Emergency Medical Technician – Basic

Program Objective

The purpose of the EMT-Basic program is to educate, prepare, and provide an opportunity for persons with the desire to become involved in emergency care and become skilled in carrying out emergency measures to save lives and reduce injury. By successfully completing all nine modules of the program and receiving a Certificate of Completion upon graduation, students will be prepared to take the National EMT-Basic examination. A license is required to be employed as an EMT.

Program Description

There are 9 modules in the EMT-Basic program. Each module outlines the total clock hours then breaking out lecture hours and lab hours. The numbering system begins with the letters EMT followed by an abbreviation of the module name and a number starting with 100 for Module 1 and going up to 109 for Module 10, i.e., EMTPREP = Module 1, Preparatory.

Program Length and Content

This program is based on guidelines set by the United States Department of Transportation (DOT), particularly the January 2009 U.S. DOT EMT National EMS Education Standards, and Florida Administrative Code 64J-1.008, and is minimum of 306 total hours in length (subject to change as determined by the Florida Department of Health) consisting of;

- Nine (9) modules
- Nine (9) Practical Skills Assessments (NREMT)
- 138 lecture hours
- 84 lab hours
- 24 clinical hours in hospital emergency rooms
- 60 hours of ride time with an Advanced Life Support transport unit

Classes & Hours

EMT-Basic course is offered during the Winter, Spring and Summer semester. It is not offered during the Fall semester.

Main Campus Day Class: 306 hours

- Tuesday and Thursday
- 8:30 am to 5:30 pm (8) hour days
- Students are given 1 hour of break time during the day, therefore 8 hours per class is counted as actual class hours. (16 total hours per week)
- Approximately 14 weeks for completion
- 24 hours of clinical rotation in a hospital emergency department
 - Hours are from 8:00 am – 4:00pm or 3:00 pm – 11:00 pm
- 60 hours of ride time with an Advanced Life Support transport unit of a fire department
 - Hours are from 7:00 am – 7:00pm or 8:00 am – 8:00 pm

Main Campus Night Class Accelerated: 306 hours

- Tuesday, Wednesday, and Thursday
- 6:00 pm to 10:00 pm (4) hour evenings (12 hours per week)
- Approximately 19 weeks for completion
- 24 hours of clinical rotation in a hospital emergency department
 - Hours are from 8:00 am – 4:00 pm or 3:00 pm – 11:00 pm
- 60 hours of ride time with an Advanced Life Support transport unit of a fire department
 - Hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm

Main Campus Night Class Part-Time: 306 hours

- Tuesday and Thursday
- 5:30 pm to 10:30 pm (5) hour evenings (10 hours per week)
- Approximately 23 weeks for completion
- 24 hours of clinical rotation in a hospital emergency department
 - Hours are from 8:00 am – 4:00 pm or 3:00 pm – 11:00 pm
- 60 hours of ride time with an Advanced Life Support transport unit of a fire department
 - Hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm

**Please note that one clock hour is equal to 50 minutes of instructor lead training followed by an appropriate break.

Clinical rotations at the hospital emergency department and advanced life support transport unit ride times will be scheduled according to the process set forth by the Clinical Coordinator once the class has begun and must be completed prior to the program final exam.

Students are responsible for ensuring all externship hours are scheduled and completed by the given deadlines.

**Approximation is based on recognized holidays or other days that class may be suspended, interrupted or cancelled.

NOTE: Certain circumstances may require schedule changes.

Location

Classes are held at CSRIPS main campus: 4180 NW 120th Avenue, Coral Springs, Florida 33065

Program Cost

APPLICATION FEE (Non-Refundable)	\$ 30.00
DEPOSIT FEE	\$ 50.00
FACILITY FEE (Non-Refundable)	\$ 40.00
LAB AND MATERIALS FEE (L&M)	\$ 350.00
TUITION	<u>\$ 2,230.00</u>
TOTAL PROGRAM PRICE	\$ 2,700.00

**External expenses for supplies, uniform, etc. are not payable to CSRIPS.*

METHODS OF PAYMENT

1. VISA/MASTERCARD – through your MyCSRIPS account. The card cannot be used as a debit.
2. Florida Prepaid (Tuition only)
3. Florida 529 (L&M and Tuition)
4. Florida Bright Futures Scholarship
5. Veterans Benefits (L&M and Tuition)
6. Cashiers' Checks or Money Orders ONLY accepted.
 1. Made payable to: Coral Springs Fire Department
 2. Please PRINT your name, complete address and the last four of your SSN on all payments. No cash or personal checks.

PAYMENT PROCESS:

- Application Fee is due with the submittal of the application.
- Upon acceptance into the program, the student is responsible for paying all Fees and Tuition. The due date is on the CSRIPS website, the Academic Calendar and the class invoice on the MyCSRIPS student portal.

EMT-Basic Admission Requirements

The application is initiated from the application link on the EMT-Basic program page on the CSRIPS website.

The application is a 2-step process.

- Step 1 – Basic student information along with payment of the application fee.
 - You will receive an email within 24 hours with instructions for completing Step 2 within your MyCSRIPS student portal. You are required to complete Step 2 by the deadline stipulated in the email.
- Step 2 – Student will be required to:
 - acknowledge the Refund Policy (required)
 - acknowledge the Release and Waiver (required)
 - acknowledge the Photo Release and Waiver (required)
 - select alternate payment options (if applicable)
 - select Veteran benefits (if applicable)
 - upload health insurance id card (required)
 - provide emergency contact information (required)
 - upload diploma (high school or college or GED) (required)
 - upload driver's license (required)
 - upload optional information considered for admissions points

The student should only complete Step 2 after paying the application fee. Once Step 2 has been completed, the student's application is considered complete and will be reviewed for consideration.

Course Pre-Work

Course pre-work will be outlined in your MyCSRIPS student portal upon acceptance into the program. In addition, students must create their account on JBLearning prior to the start of class. Please note these assignments will have due dates and non-compliance will result in disciplinary action up to dismissal. Be sure to review each assignment carefully for instructions.

Special Requirements

Prospective students need to be aware that the EMT-Basic program and career requires that students are physically able to complete all necessary tasks which will require but not limited to;

- Bending and stooping
- Lifting & carrying potential patients and equipment which can exceed 175 lbs.
- Working on their knees for extended periods of time
- Working in dangerous environments
- Doing CPR for extended periods of time
- Climbing and descending stairs while carrying equipment or patients
- Other tasks requiring manual dexterity and strength

Occupational Risk

Delivery of emergency medical services pose inherent occupational risks. Risks include, but are not limited to the following:

- Violence/assaults
- Verbal threats/aggression
- Motor vehicle crashes
- Infectious disease
- Lifting injuries
- Sprains and strains
- Psychological trauma
- Hazardous chemical exposure
- Hyper/hypothermia

Grading System: Tests and Written Testing Procedures

Grading Scale

Skills	pass or fail
Externship	pass or fail
Final Practical	pass or fail
JBL Homework	10
Unit Test	25
Midterm Exam	30
Final Exam	35
<hr/>	
Total	100

- ✓ Each section of the curriculum will be the subject of a test, quiz, or exam.
- ✓ Test, quizzes, and/or exams may be given from any chapter of the book, instructor presentation, and any video shown during class.
- ✓ Online lectures and online lecture quizzes and chapter quizzes must be completed to unlock the unit exams.
- ✓ Failure to complete any quizzes will result in a zero (0) grade and a failing score on the unit exam.
- ✓ Each test will encompass all the chapters covered during that module only.
- ✓ There will be a midterm exam that will encompass all the chapters covered from unit exams 1 through 5.
- ✓ After the midterm exam, the student's academic progress will be assessed. If the student has not achieved or maintained an 80% overall grade point average or higher, the student will be dismissed from the program.
- ✓ There will be a final exam that will encompass all the chapters covered during the program.
- ✓ The final exam will consist of a written test which must be passed with an 80% or (B) and a practical skill assessment which is pass or fail.
- ✓ There is one (1) retake for any failed section(s) of the practical skills assessment.

- ✓ Students will be assessed the comprehensive final exam twice, with an NREMT review in between the attempts. Students must pass at least one attempt.
- ✓ Students must have and maintain an overall score of 80% (B) or better at the completion of the program to graduate.

The following shall result in immediate dismissal from the program.

- ✓ Failure to achieve an 80% (B) grade point average after completing the midterm
- ✓ Failure on both attempts of the comprehensive final exam
- ✓ Failure of the practical skills assessment and retakes
- ✓ Failure to complete externship hours and paperwork

EMS Externship Policies

The policies and procedures herein are designed to guide students enrolled in EMT-Basic and EMT-Paramedic. Students enrolled in these programs are required to complete hospital clinical rotations and field trainings (rides) and observe all CSRIPS Policies, Student Codes of Conduct, and local agency policies during rotations. Violations of the policies and procedures will result in disciplinary actions up to possible dismissal.

Pre-Externship Requirements

Clinical and Field rotations present students and instructors with additional occupational risk. Prior to participating in externships, students must show proof of the following vaccinations or titers:

- MMR
- TB
- Varicella
- Flu (Oct – March)
- Hepatitis B

Students must also complete a 10 Panel Drug Screen and Level II background check. Verification of these items must be noted in the Complio System by the deadline assigned by the Clinical Coordinator. Students who are not Complio Compliant by the deadline will be issued demerits followed by dismissal for continued violations.

Students must also participate in onboarding courses to orient them to the hospital environment to include:

- Risk Management
- Preventing and Reporting Harassment
- Compliance
- Codes of Conduct
- Data Security Form

Regarding physical fitness and health, refer to each program's Special Requirements.

Clinical Rotations

The purpose of Clinical Rotations is to allow students to observe and practice the emergency medical skills they are learning in the classroom. Students should seek opportunities to assist hospital staff, participate in routine duties and complete patient assessments. Student must only perform skills and procedures within the scope of practice of their program up to their current skill level. During these activities, students are expected to have patient contacts and make note of their interactions on the *Clinical Shift Evaluation Worksheet* to be signed by the Clinical Instructor at the end of each rotation.

Field Rotations

The purpose of Field Rotations is to allow students to observe and practice the skills they are learning in the classroom. Student must only perform skills and procedures within the scope of practice of their program up to their current skill level. During these activities, students are expected to have patient contact(s) and make note of their interactions on the *Capstone Field Internship Shift Evaluation Worksheet* to be signed by the Station Lieutenant or Preceptor at the end of each rotation.

Health and Safety

During clinical rotations, students must be under direct supervision of a clinical instructor or hospital staff. Students cannot be used to meet staffing requirements and must be distinguishable from hospital or department staff. The CSRIPS Dress Code Policy must be followed during externships. Refer to the *CSRIPS Health and Safety Handbook* posted on the website regarding injury or disease exposure.

Third Person Policy

A student participating in a field rotation, must be supervised by a senior paramedic who maintains direct contact with the patient while in transit to the hospital. Ride Time hours will not exceed 12 hours per shift (8:00 am – 8:00 pm or 7:00 am – 7:00 pm). The student cannot be used to meet staffing requirements. For example, if conducting externship hours while on shift and minimum staffing is three (3) people the student must be the fourth (4th). The student must be in their program uniform and abide by the Dress Code Policy during their externship hours.

These are the guidelines set by Florida Administrative Code, Rule 64J-1.020.

Field and Clinical Schedule Change

The initial rotation schedule is part of your class tuition. Students must be sure they can meet the scheduled times. If you cannot make it and need to reschedule, please be advised, not only is the schedule very limited but there is also a financial impact as stated in the table below. Please be sure to follow the reschedule process and follow up with the Clinical Coordinator regarding any questions.

EMT-Basic students will be required to schedule all externship rotations by their program midterm.

1. A non-refundable clinical/ride time fee will be assessed for any rescheduling requests within 7 days of the scheduled ride time or clinical time. Any requested changes in times outside the 7-day period will be at the discretion of the Clinical Coordinator.
 - a. Reschedule Fee: \$75.00
2. Unpaid fees are accrued daily and the student will not receive their certificate of completion until all financial obligations are met.
3. Students will not be permitted more than 2 schedule changes (EMT-Basic for the duration of the program.) See the EMS Attendance policy regarding absences.
4. No changes will be made to the Fisdap schedule without prior approval from the Clinical Coordinator. Requests must be made electronically by emailing the Clinical Coordinator.
5. There will be no switching of ride times between students without prior approval from the Clinical Coordinator.
6. If your name does not appear on the official schedule sent to the departments or hospitals, you will not be permitted to attend. DO NOT GO ON YOUR OWN to these agencies or hospitals without prior approval. This is unauthorized time.
7. Students must not contact the fire agencies or other instructors to make arrangements to ride or attend hospital clinicals under any circumstances.

Externship Attendance

Because CSRIPS programs are measured in clock hours, all students are responsible to complete all hours for the program in which they are enrolled, including externships. Any absence from the program must be an excused absence (limited). Students who are unable to attend an externship due to an emergency, must notify the Clinical Coordinator prior to the rotation, refer to the Emergency Absences section.

A student who is AWOL for an externship will be dismissed in accordance with the Demerit Policy. Tardies will also be subject to demerits or dismissal.

Students are expected to show up to externships on time and should not leave their shift early except for emergencies with proper notification to Clinical Coordinator.

- Clinical rotation hours are from 8:00 am – 4:00 pm and 3:00 pm – 11:00 pm.
- Field rotation hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm.

Break

Students are permitted a lunch break during their rotation. They must remain in the area indicated by the Clinical Instructor or Station Captain.

Externship Documentation:

After clinical and field rotations, students must upload their documents into FSDAP and complete the Narrative within the given deadline. Failure to do so will result in demerits.

EMT-Basic – Clinical Rotation

After each clinical rotation, students must submit two (2) SOAP reports. The 2 reports and narratives shall be completed in FSDAP within 24 hours of the Clinical rotation. Failure to comply will result in demerits for not completing an assignment. Reports must be uploaded into FSDAP within 24 hours of the rotation.

EMT-Basic – Field Rotation

During field rotations, students must complete patient contact reports for each patient they encounter. In the event the ride time results in no patient calls which may prevent a report from being completed, this must be indicated the *Field Sign Off Sheet*.

Any attempt to falsify the documentation of hospital clinical and/or riding rotations is a violation of the Student Code of Conduct and will result in immediate dismissal plus 1 year suspension.

Graduation Requirements

A Certificate of Completion is presented to students who have complied with the conditions noted previously and successfully facilitated the following:

1. Attended required class, lab, and externship hours
2. Passed all requirements noted in program length and content section
3. Complete all SOAP requirements
4. Complete all JBLearning requirements
5. Fulfilled all monetary obligations to the Coral Springs Regional Institute of Public Safety
6. Pass the final written & practical exam with an 80% or better
7. Maintain a minimum grade average of 80% (B).

Students who receive an EMT-Basic Certificate of Completion from the Coral Springs Regional Institute of Public Safety may be eligible to take the following exams:

- National Registry of Emergency Medical Technician (NREMT)

Successful completion of the NREMT allows the student to apply for the Florida Emergency Medical Technical License to practice as a certified EMT-Basic in the State of Florida under a medical directors' approval, as outlined by State of Florida Bureau of Emergency Medical Services.

Students wishing to practice in another state must comply with that state's regulatory policy.

EMTPREP100 Preparatory

This module establishes a framework for the rest of the EMT program. The module will give brief history of EMS. The module will discuss the well-being of EMS professionals including mental health, stress, safety, safe lifting techniques, and infection control. This module will address proper infection control techniques and infectious diseases that can affect the EMS professional. Students will also review Basic Life Support (CPR). This module will introduce students to effective verbal and written communications. Students will be introduced to lifespan developmental changes. The module will also be a foundation for the rest of the program by introducing students to anatomy and physiology. These concepts will be referenced throughout the rest of the program. Finally, this module will familiarize students with section 401 of the Florida Statutes and Florida Administrative Code (FAC) 64-J-1.

Clock Hours: Lecture: 18 Lab: 6

Prerequisite: BLS for Healthcare Providers

EMTAIRWY101 Airway

This module is composed of one chapter and a section of the respiratory emergencies chapter. This is considered by many one of the most important concepts in EMS. The module explains to the student the importance of recognizing airway compromise and basic airway management techniques. When a patient's airway is not open, they cannot survive. Additionally, an introduction into advanced airway management skills and devices.

Clock Hours: Lecture: 10 Lab: 14

Prerequisite: EMTPREP100

EMTPATASMT102 Patient Assessment

This module is paramount to the success of an EMT. Every patient encounter requires a thorough and accurate patient assessment. Patient assessments are the basis for all patient care in the EMS field. This module will introduce students to topics like scene safety, primary assessment, history taking, and secondary assessments. Student will learn different assessment techniques for medical, trauma, pediatric patients, patients with special considerations, and other types of patient scenarios. Additionally, students shall learn skills for obtaining vital signs, gather patient information and history, communication with patients and family members, and documentation of their findings.

Clock Hours: Lecture: 16 Lab: 14

Prerequisite: EMTAIRWY101

EMTMEDEMER103 Medical Emergencies

This module begins with pharmacology. This refers to medications the EMT's patient may be taking, the EMT may assist a paramedic with preparing and administering, and an EMT administering or assisting the patient with taking. This module also introduces students to shock, a life-threatening condition which not treated quickly will result in death. The module continues to focus on a multitude of medical emergencies like respiratory, cardiac, allergic, neurological, environmental, diabetic, behavioral, poisoning and overdose, and obstetric and gynecological emergencies.

Clock Hours: Lecture: 36 Lab: 16

Prerequisite: EMTPATASMT102

EMTTRAUMA104 Trauma

This module begins with an overview of trauma. It will introduce students to critical concepts like mechanism of injury, blunt vs. penetrating trauma, multisystem trauma, trauma patient assessment, and proper transport destination selection. The following trauma chapters focus on specific traumatic injuries and treatments like bleeding, soft-tissue injuries, face and neck injuries, head and spine injuries, chest injuries, abdominal and genitourinary injuries, and orthopedic injuries.

Clock Hours: Lecture: 32 Lab: 16

Prerequisite: EMTMEDEM103

EMTPEDIS105 Infants and Children

Treating a child is not the same as treating a small adult. There are significant differences in physical and psychological make up of infants and children compared to adults. This module delves into those differences and the adjustments an EMT must make to properly treat these patients. Additionally, there are different medical issues and traumatic injuries that can occur in infants and children. This module addresses patient assessment, medical conditions, and injuries patterns an EMT is challenged with infants and children.

Clock Hours: Lecture: 16 Lab: 14

Prerequisite: EMTTRAUMA104

EMTOPS106 Operations

This module deals with non-medical operations and special situations, including ambulance operations, motor vehicle collision rescues, EMS response to terrorism, multiple casualty and hazardous materials incidents. This section also deals with radio systems and radio communications that are common for EMTs.

Clock Hours: Lecture: 10 Lab: 4

Prerequisite: EMTPEIS105

EMTFIELD107 Ambulance Field Training

Here students are required to ride along with the assigned Emergency Medical Services systems for 60 hours to acquire hands on experience in emergency medical procedures. This is most often the most challenging and enjoyable experience for EMT students. Students will schedule their ambulance externships with ALS units that respond to 911 emergency calls.

Clock Hours: 60

Prerequisite: EMTPREP100

EMTCLINICAL108 Emergency Department Clinical Training

Students will perform their externship for a total of 24 hours. During this module students will learn in an emergency department setting. They will be accompanied by an instructor to explain the process of patient transfer and continuation of care. This externship provides the students with additional live patient interaction and allows the students to understand what happens to a patient after they are brought to the emergency department by EMS.

Clock Hours: 24

Prerequisite: EMTPREP100

Certificate of Completion - EMT-Paramedic

Program Objective

The EMT-Paramedic program will demonstrate personal behaviors consistent with professional and employer standards and expectations for an entry-level paramedic. The goal and expectation of the program is to prepare competent entry-level paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains, “with or without” exit points at the Advanced Emergency Medical Technician and/or Emergency Medical Technician and or Responder levels. The goal is to also successfully complete the classroom/lab sections and clinical components of the program, the student in the EMT-Paramedic program will be able to:

1. Understand the roles and responsibilities of the entry-level paramedic
2. Demonstrate the understanding of the medical/legal aspects of pre-hospital emergency care
3. Comprehend the legal components of a medical patient care report and convey medical information accurately for a continuation of care
4. Prepare the correct medication dose and administration routes for a pre-hospital patient
5. Understand the importance of vascular access in a pre-hospital setting
6. Comprehend Basic pathophysiology of the airway and respiratory system
7. Understanding ECG interpretation and treatment for cardiac arrhythmias
8. Possess an understanding of the various body systems and disease processes associated with each
9. Ability to provide emergency care to the trauma patient
10. Discuss the complications associated with pre and post term labor
11. Demonstrate the ability to care for the neonate and pediatric patient in an emergent setting
12. Understand the components associated with response to Mass Casualty Incidents
13. Must complete all chapter exams with an 80% or higher
14. Complete ACLS, PALS and PHTLS
15. Complete all hour requirements for hospital and field externships

16. Complete the cognitive and psychomotor objectives associated with externship rotations

Program Description

The EMT-Paramedic program set forth by Coral Springs Regional Institute of Public Safety is based on the most up to date curriculum set forth by the U.S. Department of Transportation (US DOT) National Emergency Medical Services (EMS) Education Standards. The program consists of 1110 contact hours using three (3) objectives for teaching; cognitive, affective, and psychomotor domains. The program consists of 4 modules including didactic, lab, hospital, and field externships. The program prepares the graduate to function in an emergency setting at an advanced level and able to demonstrate this advanced knowledge in patient assessments for adults and pediatrics, administration of various emergency medications, EKG monitoring, and advanced skills in an emergency setting. The EMT-Paramedic program will prepare the student to take the National Registry exam. The program numbering system begins with the letters PM followed by an abbreviation of the module name and a number starting with 001 for Paramedic I and going up to 004 for Paramedic IV.

Program Length and Content

The EMT-Paramedic program is 1110 total hours in length.

The class will be conducted one day a week for 9 hours, typically 9AM – 6PM. The evening class is conducted 3 times per week from 6:00pm – 10:00pm. Students will complete 200 hours of clinical rotation in a hospital setting and will complete 360 hours of ride along time* with an Advanced Life Support unit. The students will not only be required to complete the clock hours of the externship, but complete cognitive objectives as outlined in the student manual. Additional time may be necessary to complete the requirement however the clock hours listed is the minimum. The program will be completed in approximately 12 - 14 months. The approximation allows for holiday days or other days with no class. Upon completion of the program and all other graduation requirements, graduates are eligible to take the National Registry Exam.

*Time while on duty or on call will not be counted towards the 360 hours of required time. An Affiliation Agreement must exist for you to ride with your employing department.

Classes & Hours

EMT-Paramedic course is offered during the Fall, Winter, Spring and Summer semesters.

Day Class: 1110 hours

- Wednesday, Thursday or Friday (separate enrollments)
- 9:00 am to 6:00 pm (9) hour days
- 9 hours per week for lecture, laboratory, mandatory homework, and skills practice
- **Approximately 14 months for completion
- 200 hours of clinical rotation in a hospital emergency department and will completed
 - Hours are from 8:00 am – 4:00 pm and 3:00 pm – 11:00 pm
- 360 hours of ride time with an Advanced Life Support transport unit of a fire department
 - Hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm

Night Class: 1110 hours

- Tuesday, Wednesday, Thursday
- 6:00 pm to 10:00 pm (4:00) hour days
- 12 hours per week for lecture, laboratory, mandatory homework, and skills practice
- **Approximately 11 months for completion
- 200 hours of clinical rotation in a hospital emergency department and will completed
 - Hours are from 8:00 am – 4:00 pm and 3:00 pm – 11:00 pm
- 360 hours of ride time with an Advanced Life Support transport unit of a fire department
 - Hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm

NOTE: Certain circumstances may require schedule changes.

The students will schedule clinical rotation at the hospital setting and advanced life support unit ride along times. Students must complete 200 hours of clinical training in the hospital and 360 hours of ride along time on an advanced life support unit along with the required cognitive objectives. All hospital clinical time and field ride time must be completed prior to the program comprehensive final exam.

Students are responsible for ensuring that their externships are scheduled and completed prior to the end of each semester.

Location

Classes are held:

CSRIPS campus: 4180 NW 120th Avenue, Coral Springs, Florida 33065

Program Cost

APPLICATION FEE (Non-Refundable)	\$ 30.00
DEPOSIT FEE	\$ 50.00
FACILITY FEE (Non-Refundable – collected each semester)	\$ 160.00
LAB AND MATERIALS FEE (L&M)	\$ 740.00
TUITION	\$ 7,957.00
TOTAL PROGRAM PRICE	\$ 8,937.00

**External expenses for supplies, uniform, etc. are not payable to CSRIPS.*

METHODS OF PAYMENT

1. VISA/MASTERCARD – through your MyCSRIPS account. The card cannot be used as a debit.
2. Florida Prepaid (Tuition only)
3. Florida 529 (L&M and Tuition)
4. Florida Bright Futures Scholarship
5. Veterans Benefits (L&M and Tuition)
6. Cashiers' Checks or Money Orders ONLY accepted.
 1. Made payable to: Coral Springs Fire Department
 2. Please PRINT your name, complete address and the last four of your SSN on all payments. No cash or personal checks.

PAYMENT PROCESS:

- Application Fee is due with the submittal of the application.
- Upon acceptance into the program, the student is responsible for paying all Fees and Tuition. The due date is on the CSRIPS website, the Academic Calendar and the class invoice on the MyCSRIPS student portal.

EMT-Paramedic students will have the option of a lump sum full payment or a 4-payment plan. There is no prepayment penalty. Students on the payment plan have the option of making multiple payments as long as the balance on the set due date is met.

EMT-Paramedic Admission Requirements

The application is initiated from the application link on the EMT-Paramedic program page on the CSRIPS website.

The application is a 2-step process.

- Step 1 – Basic student information along with payment of the application fee.
 - You will receive an email within 24 hours with instructions for completing Step 2 within your MyCSRIPS student portal. You are required to complete Step 2 by the deadline stipulated in the email.
- Step 2 – Student will be required to:
 - acknowledge Refund Policy (required)
 - acknowledge the Release and Waiver (required)
 - acknowledge the Photo Release and Waiver (required)
 - select alternate payment options (if applicable)
 - select Veteran benefits (if applicable)
 - select Individual Education Plan (IEP) (if applicable)
 - upload health insurance id card (required)
 - upload BLS Healthcare Provider card (not required for the application. See Step 2 – Take a BLS Healthcare Provider Course above.)
 - provide emergency contact information (required)
 - upload diploma (high school or college or GED) (required)
 - upload driver’s license (required)
 - upload EMT license (see Registration information for further details)
 - upload optional information considered for admissions points

The student should only complete Step 2 after paying the application fee. Once Step 2 has been completed, the student’s application is considered complete and will be reviewed for consideration.

Course Pre-Work

Course pre-work will be outlined in your MyCSRIPS student portal upon acceptance into the program. Please note these assignments will have due dates and non-compliance will result in disciplinary action. Be sure to review each assignment carefully for instructions.

Special Requirements

Prospective students need to be aware that the EMT-Paramedic program and career requires students to be physically able to complete all necessary tasks which will require but not limited to;

- Bending and stooping
- Lifting & carrying potential patients and equipment which can exceed 175 lbs.
- Working on their knees for extended periods of time
- Working in dangerous environments
- Doing CPR for extended periods of time
- Other tasks requiring manual dexterity and strength

Occupational Risk

Delivery of emergency medical services poses inherent occupational risks. Risks include, but are not limited to the following:

- Violence/assaults
- Verbal threats/aggression
- Motor vehicle crashes
- Infectious disease
- Lifting injuries
- Sprains and strains
- Psychological trauma
- Hazardous chemical exposure
- Hyper/hypothermia
- Extreme weather exposure

Grading System

Students are graded (weighted) in a variety of areas as follows and are based on a percentage:

Semesters: PM 001, PM 002 & PM

003

Skills	pass or fail
Externship	pass or fail
Unit Exams	45%
Semester Final Exam	30 %
Quizzes/Homework/Discussion	25%
<hr/>	
	100

Semester: PM 004

Skills	pass or fail
Externship/Capstone	pass or fail
Unit Exams	45%
Semester Written Final Exam	30 %
Quizzes/Homework/Discussion	25%
Comprehensive Final Exam	pass or fail
<hr/>	
	100

Semester Advancement

Each semester has requirements and students must successfully complete the following to advance to the next semester:

- lecture, lab and externship hours
- fulfill all financial obligations
- meet the minimum 80% grade average
- Pass Comprehensive Final exam

Only assessments/assignments and hours completed within the current semester will be considered to determine advancement. The Lead/Co-Lead Instructor, Clinical Coordinator, and Academic Program Adviser will validate the completion of each requirement by submitting their portion of the *Paramedic Semester Advancement Form* for each student. This form is then

reviewed by the EMT-Paramedic Program Director and Medical Director prior to each student's semester advancement.

EMS Externship Policies

The policies and procedures herein are designed to guide students enrolled in EMT-Basic and EMT-Paramedic. Students enrolled in these programs are required to complete hospital clinical rotations and field trainings (rides) and observe all CSRIPS Policies, Student Codes of Conduct, and local agency policies during rotations. Violations of the policies and procedures will result in disciplinary actions up to possible dismissal.

Pre-Externship Requirements

Clinical and Field rotations present students and instructors with additional occupational risk. Prior to participating in externships, students must show proof of the following vaccinations or titers:

- MMR
- TB
- Varicella
- Flu (Oct – March)
- Hepatitis B

Students must also complete a 10 Panel Drug Screen and Level II background check. Verification of these items must be noted in the Complio System by the deadline assigned by the Clinical Coordinator. Students who are not Complio Compliant by the deadline will be issued demerits followed by dismissal for continued violations.

Students must also participate in onboarding courses to orient them to the hospital environment to include:

- Risk Management
- Preventing and Reporting Harassment
- Compliance
- Codes of Conduct
- Data Security Form

Regarding physical fitness and health, refer to each program's Special Requirements.

Clinical Rotations

The purpose of Clinical Rotations is to allow students to observe and practice the emergency medical skills they are learning in the classroom. Students should seek opportunities to assist hospital staff, participate in routine duties and complete patient assessments. Students must only perform skills and procedures within the scope of practice of their program up to their current skill level. During these activities, students are expected to have patient contacts and

make note of their interactions on the *Clinical Shift Evaluation Worksheet* to be signed by the Clinical Instructor at the end of each rotation.

Field Rotations

The purpose of Field Rotations is to allow students to observe and practice the skills they are learning in the classroom. Students must only perform skills and procedures within the scope of practice of their program up to their current skill level. During these activities, students are expected to have patient contact(s) and make note of their interactions on the *Capstone Field Internship Shift Evaluation Worksheet* to be signed by the Station Lieutenant or Preceptor at the end of each rotation.

Health and Safety

During clinical rotations, students must be under direct supervision of a clinical instructor or hospital staff. Students cannot be used to meet staffing requirements and must be distinguishable from hospital or department staff. The CSRIPS Dress Code Policy must be followed during externships. Refer to the *CSRIPS Health and Safety Handbook* posted on the website regarding injury or disease exposure.

Third Person Policy

A student participating in a field rotation, must be supervised by a senior paramedic who maintains direct contact with the patient while in transit to the hospital. Ride Time hours will not exceed 12 hours per shift (8:00 am – 8:00 pm or 7:00 am – 7:00 pm). The student cannot be used to meet staffing requirements. For example, if conducting externship hours while on shift and minimum staffing is three (3) people the student must be the fourth (4th). The student must be in their program uniform and abide by the Dress Code Policy during their externship hours. These are the guidelines set by Florida Administrative Code, Rule 64J-1.020.

Field and Clinical Schedule Change

The initial rotation schedule is part of your class tuition. Students must be sure they can meet the scheduled times. If you cannot make it and need to reschedule, please be advised, not only is the schedule very limited but there is also a financial impact as stated in the table below. Please be sure to follow the reschedule process and follow up with the Clinical Coordinator regarding any questions.

EMT-Paramedic Students will be required to have scheduled all their rotations by week 10 of PM001 and week 5 of PM002, PM003 and PM004 respectively.

1. A non-refundable clinical/ride time fee will be assessed for any rescheduling requests within 7 days of the scheduled ride time or clinical time. Any requested changes in times outside the 7-day period will be at the discretion of the Clinical Coordinator.
 - a. Reschedule Fee: \$75.00
2. Unpaid fees are accrued daily and the student will not receive their certificate of completion until all financial obligations are met.
3. Students will not be permitted more than 2 schedule changes (EMT-Basic for the duration of the program; EMT-Paramedic for each semester). See the EMS Attendance policy regarding absences.
4. No changes will be made to the FISDAP schedule without prior approval from the Clinical Coordinator. Requests must be made electronically by emailing the Clinical Coordinator.
5. There will be no switching of ride times between students without prior approval from the Clinical Coordinator.
6. If your name does not appear on the official schedule sent to the departments or hospitals, you will not be permitted to attend. DO NOT GO ON YOUR OWN to these agencies or hospitals without prior approval. This is unauthorized time.
7. Students must not contact the fire agencies or other instructors to make arrangements to ride or attend hospital clinicals under any circumstances.

Externship Attendance

Because CSRIPS programs are measured in clock hours, all students are responsible to complete all hours for the program in which they are enrolled, including externships. Any absence from the program must be an excused absence (limited). Students who are unable to attend an externship due to an emergency, must notify the Clinical Coordinator prior to the rotation, refer to the Emergency Absences section. **A student who is AWOL for an externship will be dismissed in accordance with the Demerit Policy. Tardies will also be subject to demerits or dismissal.**

Students are expected to show up to externships on time and should not leave their shift early except for emergencies with proper notification to Clinical Coordinator.

- Clinical rotation hours are from 8:00 am – 4:00 pm and 3:00 pm – 11:00 pm.
- Field rotation hours are from 7:00 am – 7:00 pm or 8:00 am – 8:00 pm.

Break

Students are permitted a lunch break during their rotation. They must remain in the area indicated by the Clinical Instructor or Station Captain.

Externship Documentation:

After clinical and field rotations, students must upload their documents into FSDAP and complete the Narrative within the given deadline. Failure to do so will result in demerits.

EMT-Paramedic Clinical Rotations

Students must submit 5 patient contact reports after each Clinical rotation. The reports shall be uploaded into the FSDAP system within 72 hours of the rotation. Failure to comply will result in demerits in not completing an assignment.

EMT-Paramedic Field Rotations

During field rotations, students must complete patient contact reports for each patient they encounter. In the event the ride time results in a low call volume, which may prevent reports from being produced, this must be indicated on the *Capstone Field Internship Shift Evaluation Worksheet*. The Preceptor will write in 1 or 0 calls and sign his/her name on page 1 and page 2. Reports must be uploaded into FSDAP within 72 hours of the rotation.

Any attempt to falsify the documentation of hospital clinical and/or riding rotations is a violation of the Student Code of Conduct and will result in immediate dismissal plus 1 year suspension.

Comprehensive Final Exam

The comprehensive final exam reflects the type of questions students will find on the NREMT Exam. Results of this final exam will allow CSRIPS and the student to gauge the student's comprehension and licensure exam preparation. Students will be given the exam near the end of PM004.

- The comprehensive exam is pass/fail.
- Students will have two attempts to pass the exam to be eligible for a CSRIPS EMT-Paramedic Certificate of Completion (pending the completion of all other graduation requirements).
- If a student fails both attempts, he/she must complete a 40-hour NREMT approved refresher course within 90 days of the last day of class.
- The student must present proof of refresher course completion to receive 2 more attempts at the Exam.
- The student will be assessed an examination fee.
- Any student who does not attempt their exam retake(s) within the 90-day window will be withdrawn from the program.
- If a student is unsuccessful after the 2 additional attempts, the student is required to complete the CSRIPS **Refresher Program**.
- The Refresher Program includes EMT-Paramedic semesters PM001, PM002 and PM003 (excluding lab and clinicals requirements).
- Any student who does not enroll in the Refresher Program within 6 months will be withdrawn from the program.
- The student is required to meet all Semester Advancement Requirements and be responsible for an adjusted program cost.
- After the completion of the Refresher Program, the student will be granted 2 additional attempts at the comprehensive final exam.
- If a student is unsuccessful after the 2 additional attempts, the student will be withdrawn from the program and will not receive a certificate of completion, he/she will be required to complete an entire EMT-Paramedic education program.

II Comprehensive Final Exam Flowchart

Graduation Requirements

A Certificate of Completion is presented to students who have complied with the conditions noted previously and successfully facilitated the following:

1. Attended required class hours, lab hours, ride times, clinical hours
2. Passed all requirements noted in program outline
3. Complete all FISDAP requirements
4. Complete all JBLearning requirements
5. Complete ACLS, PALS, and PHTLS
6. Fulfilled all monetary obligations to the Coral Springs Regional Institute of Public Safety
7. Pass the end of semester written and practical exam with an 80% or better
8. Maintain a minimum grade average of 80%
9. Pass the Comprehensive Final Exam

Students who receive an EMT-Paramedic Certificate of Completion from the Coral Springs Regional Institute of Public Safety may be eligible to take the following exams:

- National Registry of Emergency Medical Technician (NREMT)

Successful completion of the NREMT allows the student to apply for the Florida Paramedic License to practice as a certified Paramedic in the State of Florida under a medical directors' approval, as outlined by State of Florida Bureau of Emergency Medical Services.

Students wishing to practice in another state must comply with that state's regulatory policy.

PM001 Paramedic I

Course Description

This module will consist of EMS preparatory, EMS systems, Roles and Responsibilities of the Paramedic, work force safety and wellness, EMS research, Public Health, Medical/Legal aspects, Ethics, EMS Systems Communications, Documentation, HIV/AIDS Education, Pathophysiology, Human Life Span Development, Emergency Pharmacology, Drug calculations, Intravenous Access and medication administration, Airway management and ventilation, Scene size-up, Primary and secondary assessment, Therapeutic communication, history taking, patient monitoring technology, and pulmonology.

Course Prerequisites: Valid Emergency Medical Technician License
Valid BLS Healthcare Provider Card

Course Objectives:

At the completion of PM001, the paramedic student will be able to demonstrate the knowledge and principles associated with the Emergency Medical Services to include:

- Acquire an introductory knowledge of the foundations of Paramedicine.
- Integrate comprehensive knowledge of the EMS system.
- Integrate comprehensive knowledge of roles and responsibilities of the paramedic.
- Integrate comprehensive knowledge of the safety/well-being of the paramedic.
- Apply fundamental knowledge of principles of public health and epidemiology including public health emergencies, health promotion, and illness and injury prevention.
- Integrate comprehensive knowledge of the legal and ethical issues, which is intended to improve the health of EMS personnel, patients, and the community.
- Understand principles of EMS communication.
- Understand principles of medical documentation, report writing and recording patient findings.
- Integrate medical terminology often utilized in EMS documentation.
- Integrate comprehensive knowledge of medical administration.
- Integrate comprehensive knowledge of emergency medications.
- Integrate comprehensive knowledge of ground ambulance operations.
- Integrate comprehensive knowledge of patient assessment.

Clock Hours: 311 Lecture/Theory: 106 Lab: 65 Clinical: 80 Field: 60

PM002 Paramedic II

Course Description

This module will consist of: Cardiology, Neurology, Endocrinology, Immunology, Gastroenterology, Urology and Nephrology, Toxicology and Substance Abuse, Hematology, Infectious Disease and Sepsis, Psychiatric and behavioral disorders, Diseases of the eye, ears, nose and throat, non-traumatic musculoskeletal disorders.

Course Prerequisites:

PM001

Valid Emergency Medical Technician License

Course Objectives:

At the completion of PM002, the paramedic student will be able to demonstrate the knowledge and principles associated with Medical Emergencies to include:

- Familiar with main structures and functions of the cardiovascular systems anatomy and physiology.
- Integrate comprehensive knowledge of 3-lead electrocardiogram (ECG) monitoring and indicate the placement of 12-lead ECG electrodes.
- Integrate comprehensive knowledge of the systematic approach to the analysis and interpretation of cardiac dysrhythmias.
- Integrate comprehensive knowledge of ECG characteristics, possible causes, signs and symptoms, and initial emergency care for dysrhythmias.
- Applies fundamental knowledge of the emergency medical care of adult patients with cardiac arrest.
- Integrate comprehensive knowledge of the primary structures of the respiratory system and the role of the respiratory system in breathing, cardiovascular regulation, and renal function.
- Integrate comprehensive knowledge of the factors that contribute to a general impression of the patient's condition and an accurate estimation of his or her degree of respiratory distress.
- Apply fundamental knowledge of the incidence, morbidity, and mortality of neurologic emergencies.
- Integrate comprehensive knowledge of facial anatomy and relates physiology to facial disorders.
- Integrate comprehensive knowledge of the incidence, morbidity, and mortality of gastrointestinal emergencies.
- Integrate comprehensive knowledge of the anatomy and physiology of the male and female urinary systems: kidneys, ureters, urinary bladder, and urethra.

Clock Hours: 275 Lecture/Theory: 84 Lab: 51 Clinical: 80 Field: 60

PM003 Paramedic III

Course Description

This module will consist of: Trauma and Trauma systems (including Trauma scored methodology), Blunt trauma, Penetrating trauma, Hemorrhage and shock, Soft tissue trauma, Burn trauma, Orthopedic trauma, Thoracic trauma, Abdominal trauma, Head facial neck and spinal trauma, Nervous system trauma, Environmental trauma, Special considerations in trauma, Gynecology, Obstetrics, Neonatology, Pediatrics, Geriatrics, Abuse neglect and assault, The challenged patient, Acute interventions for the chronic patient.

Course Prerequisites: PM002

Course Objectives:

At the completion of PM003, the paramedic student will be able to demonstrate the knowledge and principles associated with Medical Emergencies to include.

- Integrate comprehensive knowledge of anatomy and physiology of the female reproductive system.
- Integrate comprehensive knowledge of anatomy and physiology of the organs and structures of the endocrine system.
- Integrate comprehensive knowledge of communicable disease.
- Integrate comprehensive knowledge of toxicology, poison, and overdose.
- Integrate comprehensive knowledge of the purpose of the immune system.
- Integrate comprehensive knowledge of the possible causes of behavioral emergencies, including drug overdoses, violent behavior, and mental illness.
- Integrate comprehensive knowledge of trauma and Mechanism of Injury including components as it relates to bleeding, soft tissue injuries, burns, face and neck, head and spine, chest, musculoskeletal injuries: abdominal and genitourinary trauma,
- Integrate comprehensive knowledge of factors that affect how a person deals with exposure to a cold or hot environment and how each one relates to emergency medical care.
- Integrate comprehensive knowledge of the process of conception and fetal development, from ovulation to the fetal stage, and Neonatal Care.
- Integrate comprehensive knowledge of the challenges inherent in providing emergency care to pediatric patients and why effective communication with both the patient and his or her family members is crucial to a successful outcome.
- Integrate comprehensive knowledge of Geriatric Emergencies.
- Integrate comprehensive knowledge of how poverty and homelessness adversely impact patient health and EMS system performance.

Clock Hours: 235 Lecture/Theory: 52 Lab: 47 Clinical: 40 Field: 96

PM004 Paramedic IV

Course Description

This module will consist of the necessary hours and necessary cognitive objectives required for certification. It also includes AHA courses: ACLS & PALS, NAEMT course: PHTLS. Cognitive/psychomotor objectives must be completed throughout the program, but Preceptorship is done during this CAPSTONE period.

Course Prerequisites: PM003

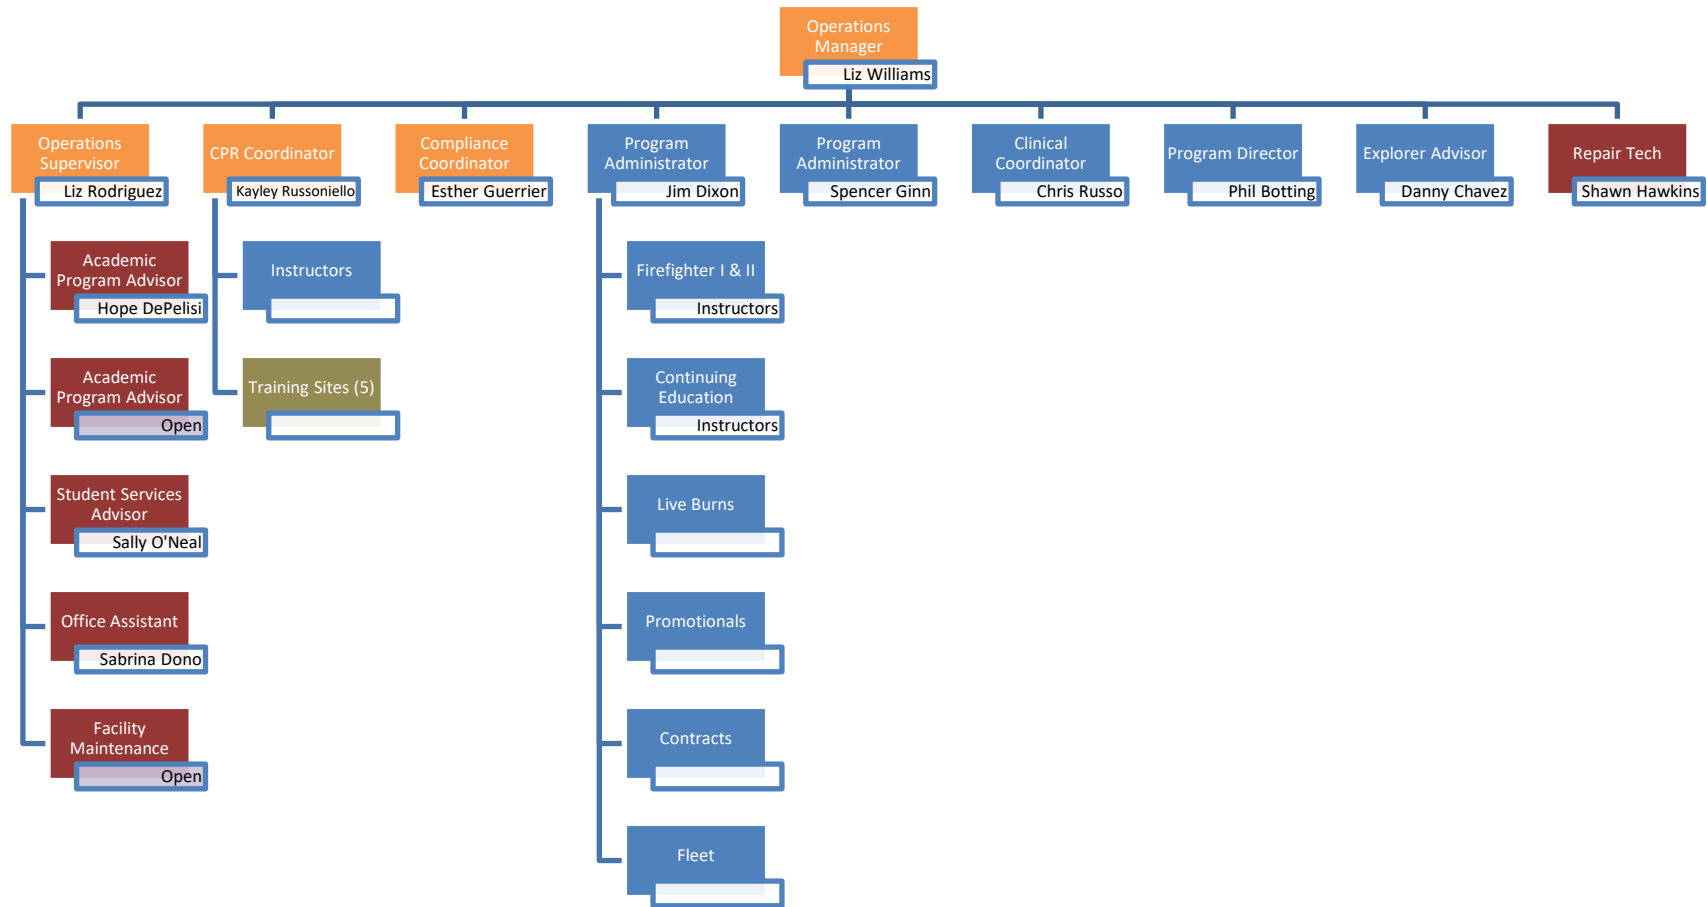

Course Objectives:

At the completion of PM004, the paramedic student will be able to demonstrate the knowledge and principles associated with Medical Emergencies to include.

- Integrate comprehensive knowledge of the medical equipment, safety equipment, and operations equipment carried on an emergency medical vehicle.
- Integrate comprehensive knowledge of the federal requirements for the minimum entry-level certifications of paramedics and other emergency personnel in incident command system (ICS) training.
- Integrate comprehensive knowledge of the three levels of training in technical rescue incidents in the context of NFPA 1006, Standards for Technical Rescue Personnel Professional Qualifications.
- Integrate comprehensive knowledge of the guidelines for assisting special rescue teams in the context of NFPA 1670, Standard on Operations and Training for Technical Search and Rescue Incidents.
- Integrate comprehensive knowledge of the hazard classification system used by the National Fire Protection Association (NFPA).
- Integrate comprehensive knowledge of the role of emergency medical technicians (EMTs) and paramedics as described by the Bureau of Labor Statistics.
- Integrate comprehensive knowledge of the significance of potential violence that can occur on an emergency medical services call, including the settings in which violence is more likely to occur.

Clock Hours: 289 Lecture/Theory: 80 Lab: 65 Clinical: 0 Field: 144

Appendix C – Academic Calendar

2023-2024

Fall Term (begins September 1)

Open House	Posted on www.CSRIPS.org
Registration Opens	Monday August 28, 2023
Registration Closes	Friday September 1, 2023
Labor Day – School Closed	Monday September 4, 2023
Lab & Materials and Tuition Due	Friday September 8, 2023
First Day to Transfer/Drop for Fall (100% tuition refund)	Monday September 11, 2023
Last Day to Transfer/Drop for Fall (100% tuition refund)	Friday September 15, 2023
Veterans Day (Observed)	Friday November 10, 2023
Thanksgiving Day - School Closed	Thursday November 23, 2023
Thanksgiving Day (Observed) - School Closed	Friday November 24, 2023
Christmas Day (Observed) - School Closed	Monday December 25, 2023
Administrative Offices Closed	December 26-29, 2023
New Year’s Day - School Closed	Monday January 1, 2023
Administrative Offices Reopen	Monday January 2, 2023

Winter Term (begins November 1)

Open House	Posted on www.CSRIPS.org
Veterans Day (Observed)	Friday November 10, 2023
Registration Opens	Monday November 13, 2023
Registration Closes	Friday November 17, 2023
Thanksgiving Day - School Closed	Thursday November 23, 2023
Thanksgiving Day (Observed) - School Closed	Friday November 24, 2023
Lab & Materials and Tuition Due	Friday December 1, 2023
First Day to Transfer/Drop for Winter (100% tuition refund)	Monday December 4, 2023
Last Day to Transfer/Drop for Winter (100% tuition refund)	Friday December 8, 2023
Christmas Day (Observed) - School Closed	Monday December 25, 2023

Administrative Offices Closed		December 26-29, 2023
New Year's Day - School Closed	Monday	January 1, 2024
Administrative Offices Reopen	Monday	January 2, 2024
EMT-Basic Begins (Day Class – T, Th)	Tuesday	January 9, 2024
First Day to Transfer/Drop for Paramedic	Thursday	January 9, 2024
Last Day to Transfer/Drop for Paramedic	Wednesday	January 17, 2024
Paramedic Begins (Night Class, T, W, Th)	Tuesday	January 9, 2024
Paramedic Begins (Thursday)	Thursday	January 11, 2024
Firefighter I & II Begins (Evening – M, W, F, Sa)	Saturday	January 13, 2024
EMT-Basic Begins (Night Class - T, W, Th)	Tuesday	January 16, 2024
Firefighter I & II Begins (Evening – T, Th, Sa)	Saturday	January 20, 2024
Firefighter I & II Begins (Day Class – M – F)	Monday	January 22, 2024
MLK Jr. Day (Observed) - School Closed	Monday	January 15, 2024

Spring Term (begins March 1)

Open House		Posted on www.CSRIPS.org
President's Day (Observed) – School Closed	Monday	February 19, 2024
Registration Opens	Monday	February 26, 2024
Registration Closes	Friday	March 1, 2024
Lab & Materials and Tuition Due	Friday	March 8, 2024
First Day to Transfer/Drop for Spring (100% tuition refund)	Monday	March 11, 2024
Last Day to Transfer/Drop for Spring (100% tuition refund)	Friday	March 15, 2024
EMT-Basic Begins (Day Class – T, Th)	Tuesday	April 23, 2024
Firefighter I & II Begins (Day Class – M – F)	Monday	May 6, 2024

Summer Term (begins June 1)

Open House		Posted on www.CSRIPS.org
Memorial Day (Observed) - School Closed	Monday	May 27, 2024
Registration Opens	Monday	June 3, 2024
Registration Closes	Friday	June 7, 2024
Lab & Materials and Tuition Due	Friday	June 14, 2024
First Day to Add/Transfer/Drop for Summer A (100% tuition refund)	Monday	June 17, 2024

Juneteenth – School Closed	Wednesday	June 19, 2024
Last Day to Transfer/Drop for Summer A (100% tuition refund)	Friday	June 21, 2024
Independence Day – School Closed	Thursday	July 4, 2024
EMT-Basic Begins (Night Class - T, W, Th)	Tuesday	July 9, 2024
Firefighter I & II Begins (Evening – M, W, F, Sa)	Saturday	July 13, 2024
EMT-Basic Begins (Day Class – T, Th)	Thursday	August 15, 2024
Firefighter I & II Begins (Day Class – M – F)	Monday	August 19, 2024
Paramedic Begins (Friday)	Friday	August 23, 2024
First Day to Transfer/Drop for Paramedic*	Friday	August 23, 2024
Last Day to Transfer/Drop for Paramedic	Thursday	August 29, 2024
Lab Day (Observed) - School Closed	Monday	September 2, 2024

*Paramedic transfer/drop begins the first day of classes and ends a week later.

Dates subject to change without notice.
